SCHOOL OVERVIEW

The mission of Achievement First East Brooklyn High School, a college-preparatory public charter school in Brooklyn, New York, is to provide students from historically-underserved communities with a top-quality education to prepare them for the rigor of college work and help them flourish on college campuses. AF East Brooklyn High's approach includes a rigorous, college-preparatory course of study, tutoring, intensive college counseling, and robust athletic and elective programs.

- AF East Brooklyn High serves predominantly Black and Latinx students from Brooklyn. Many AF East Brooklyn High students will be the first in their families to attend a four-year college or university.
- Because of their longer academic day and year, students at AF East Brooklyn High receive nearly 400 hours of additional classroom time compared to their peers in traditional New York City district schools.
- AF East Brooklyn High's rigorous curriculum emphasizes core academic subjects: literature, composition, history, math, and science. Students are required to take four full years of coursework in each of these subjects.
- All students have taken rigorous humanities course offerings by junior year including AP Seminar and AP Research.

GRADING POLICY & PHILOSOPHY

- AF East Brooklyn High uses a 100-point grading scale, with 70 as the minimum grade to pass a course and 50 as the lowest published grade. Weighted Grade Point Average (GPA) is calculated as the arithmetic average (total quality points divided by credits) of all weighted courses taken.
- The faculty strives to protect against grade inflation; consequently, “A”s and “B”s are hard-earned. While AF East Brooklyn High students may have overall lower GPAs than their peers in traditional district schools, this is not a reflection of their academic tenacity or ultimate mastery. Rather, it is a reflection of the high expectations to which students are held.

COLLEGE MATRICULATION & PERSISTENCE

Achievement First seeks to disrupt the “norm,” in a country where enduring inequities mean just 9% of students from low-income families earn a college degree by age 24. Our graduates’ projected college completion rate is 55% —six times the national average—and we’re working hard to ensure that rate grows until it equals, then surpasses, the graduation rate for our country’s most affluent students.

AF East Brooklyn High will continue to support graduates beyond high school by:

- Matching all students with a college success counselor who provides individualized outreach and support.
- Building cohorts of AF graduates at schools with high expected college completion rates for students of color.

AF East Brooklyn High’s College Seminar course exposes scholars to rigorous college-level writing.

Students explore topics like Black Arts Movement and The Latin American Experience through research and writing.

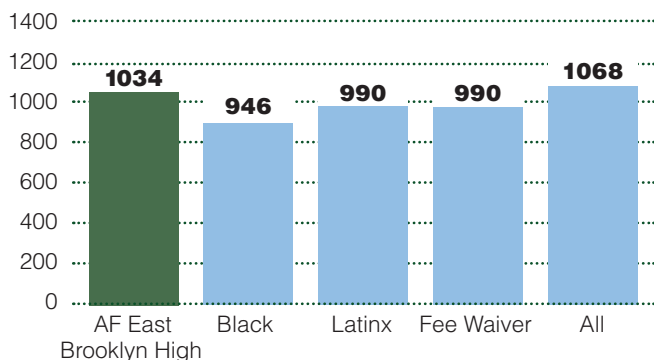

BEYOND ACADEMICS

All students take elective courses that are embedded in the school day. In addition, 75% of AF East Brooklyn High students participate in at least one extracurricular activity.

During their high school careers, members of the Class of 2020 will participate in at least three summer programs, allowing them to augment their rigorous academic experience with exploratory learning experiences beyond the classroom. Sixty percent of students participated in a pre-college summer program and 75% of students participated in a summer internship.
