Re: Notification of Asbestos Abatement

There will be an asbestos abatement of ACBM mastic behind three (3) bulletin boards of the 1st and 2nd floor corridors at Bridgeport Middle School located 529 Noble Ave., Bridgeport, CT. The project is expected to commence on June 17th, 2019 through June 21st, 2019 and have a duration of [5] days.

During this time, no children under the age of 18 will be allowed in the building or the building premises. Any adult or person over 18 years of age entering the building during this time is expected to observe and comply with any and all barriers and precautions at or around the facility.

Environmental Group Inc., under Chris Maahs, has been contracted to perform the abatement work, Diana Alvarado, is the local contact for this project and air sampling/monitoring will be conducted by ATC Group Services, Inc. with Ian Shea.

Sincerely,

A square box containing a handwritten signature in black ink, which appears to be "DA".
