Amistad Academy
Elm City College Preparatory
AF Bridgeport Academy
AF Hartford Academy

Achievement First fully complies with the Freedom of Information Act (FOIA). Any requests for school records or information from the school must be in writing and submitted to the Principal or to their designee(s). Within five (5) business days of receipt of a written request, the school, depending on the requested information, responds by:

- Making the information available at the school itself during normal business hours to the person requesting it;
- Denying the request in writing; or
- Providing a written acknowledgment of receipt of the request that supplies an approximate date for when the request will be granted or denied.
- If the person requesting information is denied access to a record, they may appeal such denial to the principal. Upon timely receipt of such an appeal, the school, within ten (10) business days of the receipt of the appeal, make a final determination whether or not to allow public inspection. If the principal determines that the record is not subject to public inspection, the person or entity seeking disclosure may file a complaint with the Rhode Island/Connecticut/New York State Attorney General.
- The school may deny access to requested records if the requested record falls within one of the categories that are exempt from public disclosure. Even then, if not exempt, the school may nonetheless deny access if, on balance, the privacy interest of the affected individual outweighs the public interest in disclosure. Listed below are the more typical records that are not subject to disclosure under state law:
 - Records, reports, opinions, information, and statements required to be kept confidential by federal law or regulation or state law, or rule of court;
 - Personnel and other personal individually-identifiable records otherwise deemed confidential by federal or state law or regulation, or the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;
 - Child custody and adoption records, records of illegitimate births, and records of juvenile proceedings before the family court;
 - Reports and statements of strategy or negotiation involving labor negotiations or collective bargaining;
 - Any individually identifiable evaluations of public school teachers made pursuant to state or federal law or regulation;
 - All documents prepared by school districts intended to be used by school districts in protecting the safety of their students from potential and actual threats. The school may charge a copying fee for each page requested to be copied. The fee can be no more than the fee allowed by state law.
