Application: Achievement First Bushwick Charter School

Achievement First External Reporting - 2022-2023 Annual Report

Entry 1 School Info and Cover Page

Completed - Aug 1 2023

Instructions

Required of ALL Charter Schools

Each Annual Report begins with a completed School Information and Cover Page. The information is collected in a survey format within the <u>Annual Report Portal</u>. When entering information in the portal, some of the following items may not appear, depending on your authorizer and/or your responses to related items.

Entry 1 School Information and Cover Page

(New schools that were not open for instruction for the 2022-2023 school year are not required to complete or submit an annual report this year).

Please be advised that you will need to complete this cover page (including signatures) <u>before</u> all of the other tasks assigned to you by your school's authorizer are visible on your task page. While completing this cover page task, please ensure that you select the correct authorizer (as of June 30, 2023) or you may not be assigned the correct tasks.

Entry 2 Links to Critical Documents on School Website

Completed - Aug 1 2023

Instructions

Required of ALL Charter Schools noting that SUNY-authorized charter schools are not required to submit item 5: Authorizer-approved DASA policy and NYSED-Approved School Discipline Policy

By law, each charter school is required to maintain certain notices and policies listed on its website. Please insert the link from the school's website for each of the items:

- Current Annual Report (i.e., 2021-2022 Annual Report);[1]
- Board meeting notices, agendas and documents;
- New York State School Report Card;
- Authorizer-approved DASA Policy and NYSED-Approved School Discipline Policy (For Regents, NYCDOE, and Buffalo BOE-Authorized Charter Schools ONLY);
- District-wide safety plan, not a building level safety plan (as per the September 2021 <u>Emergency Response Plan Memo;</u>
- Authorizer-approved FOIL Policy; and
- Subject matter list of FOIL records. (Example: See <u>NYSED Subject Matter List</u>)

[1] Each charter school is required to make the Annual Report publicly available by August 1 and to post on their respective charter school website. Each school should post an updated and complete version to include accountability data and financial statements that are not or may not be available until after the August deadline (i.e., Repost when financials have been submitted in November.)

Entry 3 Accountability Plan Progress Reports

Completed - Nov 15 2023

Instructions

SUNY-Authorized Charter Schools ONLY- Complete Template and Upload to Epicenter

SUNY-authorized charter schools must download an Accountability Plan Progress Report template at <u>Accountability Plan Progress Report</u>. After completing, SUNY-authorized charter schools must upload the document into the Annual Report Portal, **and** into the SUNY Epicenter document management system by September 15, 2023.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

AF Bushwick 22-23 K-8 SUNY APPR

Filename: AF_Bushwick_22-23_K-8_SUNY_APPR.pdf Size: 265.8 kB

Entry 4 - Audited Financial Statements

Completed - Nov 1 2023

Required of ALL Charter Schools

ALL SUNY-authorized charter schools must upload the financial statements and related documents in PDF format into the <u>Annual Report Portal</u> and into the SUNY Epicenter document management system no later than **November 1, 2023. SUNY-authorized charter schools** are asked to ensure that security features such as password protection are turned off.

ALL Regents, NYCDOE, and Buffalo BOE-authorized charter schools must upload final, audited financial statements to the <u>Annual Report Portal</u> no later than **November 1, 2023**. Upload the independent auditor's report, any advisory and/or management letter, and the internal controls report as one submission, combined into a PDF file, ensuring that security features such as password protections are removed from all school uploaded documents.

PLEASE NOTE: This task appears as visible and optional task in the online portal until August 1 2023 but will be identified as a required task thereafter and due on November 1, 2023. This is a required task, and it is marked optional for administrative purposes only.

ACHIEVEMENT FIRST BROOKLYN CHARTER SCHOOLS FINAL REPORT AUDIT 2023 (1)

Filename: ACHIEVEMENT FIRST BROOKLYN CHARTER 17zNRkT.pdf Size: 1.2 MB

Entry 4a – Audited Financial Report Template (SUNY)

Completed - Nov 1 2023

Instructions - SUNY-Authorized Charter Schools ONLY

SUNY-authorized schools must download the Excel spreadsheet entitled "Audited Financial Statement Template" at http://www.newyorkcharters.org/fiscal/. After completing, schools must upload the document into the Annual Report Portal and into the SUNY Epicenter document management system no later than **November 1, 2023.**

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

2022-2023 Annual Financial Audit Template (Bushwick)

Filename: 2022-2023_Annual_Financial_Audit__2S3ie1t.xlsx Size: 175.2 kB

Entry 5 - Fiscal Year 2023-2024 Budget

Completed - Nov 2 2023

<u>SUNY-authorized charter schools</u> should download the <u>2023-2024 Budget and Quarterly Report Template and the 2023-2024 Budget Narrative Questionnaire</u> from the SUNY website and upload the completed templates into the Annual Report Portal and into the Epicenter document management system. **Due November 1, 2023**.

Regents, NYCDOE, and Buffalo BOE authorized charter schools should upload a copy of the school's FY22 Budget using the 2023-2024 Budget Template into the Annual Report Portal or from the Annual Report website. Due November 1, 2023.

The Assumptions column should be completed for all revenue and expense items unless the item is self-explanatory. Where applicable, reference the page number or section in the application narrative that indicates the assumption being made. For instance, student enrollment would reference the applicable page number in Section I, C of the application narrative.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

Entry 6 - Board of Trustees Disclosure of Financial Interest Form

Completed - Aug 1 2023

Required of ALL Charter Schools

Each member of the charter school's Board of Trustees who served on a charter school education corporation governing one or more charter schools for any period during the 2022-2023 school year must complete and sign a Trustee <u>Disclosure of Financial Interest Form</u> is due on August 1, 2023. Acceptable signature formats include:

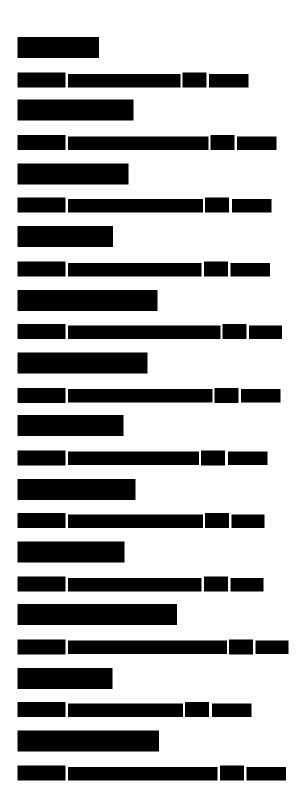

- Digitally certified PDF signature (i.e., DocuSign)
- Manual signature (1. download to print, 2. manually sign, 3. scan signed document to PDF, and 4. upload into portal)

All completed forms must be collected and uploaded in .PDF format for each individual member. The education corporation is responsible for ensuring that each member who served on the board during the 2022-2023 school year completes the form.

Charter schools **must** submit the latest version of the form. Forms completed from past years will not be accepted.

Trustees serving on an education corporation that governs more than one school are not required to complete a separate disclosure for each school governed by the education corporation. In the Trustee Disclosure of Financial Interest Form, trustees must disclose information relevant to any of the schools served by the governing education corporation.

Entry 7 BOT Membership Table

Completed - Aug 1 2023

Instructions

Required of ALL charter schools

ALL charter schools or education corporations governing multiple schools must complete the Board of Trustees Membership Table within the online portal. Please be sure to include and identify parents who are members of the Board of Trustees and indicate whether parents are voting or non-voting members.

Entry 7 BOT Table

- 1. SUNY-AUTHORIZED charter schools are required to provide information for VOTING Trustees only.
- 2. REGENTS, NYCDOE, and BUFFALO BOE-AUTHORIZED charter schools are required to provide information for all --VOTING and NON-VOTING-- trustees.

Entry 9 Enrollment & Retention

Completed - Aug 1 2023

Instructions for submitting Enrollment and Retention Efforts

Total number of Voting Members who departed during the 2022-2023 school year:

Required of ALL Charter Schools

Describe the good faith efforts the charter school has made in 2022-2023 toward meeting targets to attract and retain the enrollment of Students with Disabilities (SWDs), English Language Learners (ELLs), and students who are economically disadvantaged. In addition, describe the school's plans for meeting or making progress toward meeting its enrollment and retention targets in 2023-2024.

*SUNY-authorized charter schools

The education corporation must include a plan for the charter to meet or exceed enrollment and retention targets established by the SUNY Trustees for students with disabilities, ELLs, and students who are eligible to participate in the FRPL program. See the enrollment and retention target calculator to find specific targets.

Entry 9 Enrollment and Retention of Special Populations

| | Describe Recruitment Efforts in 2022-2023 | Describe Recruitment Plans in 2023- 2024 |
|----------------------------|--|---|
| Economically Disadvantaged | The schools partner with the Achievement First (AF) recruitment team to carry out a comprehensive recruitment strategy consisting of direct outreach, Refer A Friend campaigns, information sessions, school-based open houses, presentations at local education agencies and community based organizations, neighborhood canvassing at nearby high density housing and building locations, participating in the NYC Charter Center application, geo targeted mailings, and both online and outdoor advertising. These techniques have been successful in generating applications and in sharing the opportunity to apply with low-income families. AF implements an at-risk preference for low-income families, and as a result the vast majority of all entering families have qualified for free or reduced price lunch. As a result of extensive presentations to community organizations that serve low-income families, including Head Start and NYCHA daycare centers, the applicant pool of families that qualify for free and reduced price lunch has been large, and the preference has been effective at substantially matching the district percentages of low-income students for the incoming classes. | We plan to use the the same 2022-2023 plans in the 2023-2024 school year. |
| English Language Learners | The AF student recruitment team is bilingual and has made extensive efforts to reach out to families who speak languages other than | The AF student recruitment team is multi- lingual and has made extensive efforts to reach out to families who speak languages other |

English. All outdoor signs are in both English and Spanish, as are all brochures and other marketing materials, including the AF website page for student enrollment. In 2021-22, for instance, direct, bilingual recruiting materials reached more than 30,000 families throughout Brooklyn. Additionally, Spanish speaking members of the recruitment team have presented in Spanish at Head Start daycares and community organizations (e.g., The Coalition for Hispanic Family Services and Bushwick United), and multiple members of the "street teams" that recruited directly in the community were Spanish speakers. While these techniques may change year to year, these are representative of recent recruitment methods. The lottery also uses a weighted preference for Multilingual Learners (MLLs), which the schools doubled for the 2016-17 school year in an effort to both admit and enroll more MLLs.

The last two recruitment seasons included community outreach, canvassing, and event tabling to engage with potential families as well as a wide variety of tactics including, but not limited to:

- Distributed thousands of brochures and other materials in bilingual format (English/Spanish).
- -Attended the Include NYC fair on February 11, 2023 which had hundreds of families, including families of MLLs and other at-risk students, in attendance. As with other events, a bilingual community outreach associate was present.
- Over the course of a given lottery cycle, AF drops off and mails

than English. All outdoor signs are in both English and Spanish, as are all brochures and other marketing materials, including the AF website page for student enrollment. In 2022-23, for instance, direct, bilingual recruiting materials reached more than 30,000 families throughout Brooklyn. Additionally, Spanish speaking members of the recruitment team have presented in Spanish at Head Start programs and community organizations (e.g., The Coalition for Hispanic Family Services and New Life Child Development Center), and multiple members of the "street teams" that recruited directly in the community were Spanish speakers. While these techniques may change year to year, these are representative of recent recruitment methods. The lottery also uses a weighted preference for Multilingual Learners (MLLs).

The last two recruitment seasons included community outreach, canvassing, and event tabling to engage with potential families as well as a wide variety of tactics including, but not limited to:

- Distributed thousands of brochures and other materials in bilingual format (English/Spanish).
- Attended the Include NYC fair on February 11, 2023 which had hundreds of families, including families of MLLs and other at-risk students, in attendance. As with other events, a bilingual community outreach associate was present.
- Over the course of a given lottery cycle, AF drops off and mails Spanish applications to numerous local daycare centers (e.g.,

Spanish applications to numerous local daycare centers (e.g., approximately 400 community organizations/daycare centers across many sections of Brooklyn). In December 2022 and February 2023, AF hosted several Spanishlanguage information sessions where the majority of families in attendance primarily spoke languages other than English.

- AF provides translators at orientation and community engagement events at AF schools.
- For our non-fluent Spanish speaking recruitment team members, we also utilized google-translate when we encountered Spanish-only speaking families. Non-Spanish speaking staff members are also paired with a colleague fluent in Spanish that they can call on to support communication with prospective families.
- The refer-a-friend program is shared with families in English and Spanish in the hope of generating word of mouth interest.
- Schools hang recruitment banners outside their facilities in English and Spanish.
- For families that were never selected off of waitlists in previous years and had indicated they were not English-speaking families, AF reaches out in subsequent years with native language speakers (i.e., Spanish-speaking) in order to inform the families about the ability to reapply to AF schools.

Students with Disabilities

Efforts to recruit students with disabilities have focused primarily on

We plan to use the the same 2022-2023 plans in the 2023-2024 school

year.

making clear in promotional materials and presentations that AF is highly effective for students with disabilities, and that we offer services in accordance with Individualized Education Programs (IEPs). In addition, the recruitment team reaches out annually to day care centers that are identified by the NYC Department of Education as serving students with disabilities and participates in an Include NYC fair that focuses on providing resources to families with students with disabilities. The AF student recruitment team has partnered with the network special services team to ensure that marketing materials capture the range of services available. AF has reached out specifically to community members who previously agreed to partner with the community outreach team to conduct a family focus group on how AF schools could best meet their needs. During this focus group, the mother of a student with a disability said that her greatest struggle was finding a public school option that held the highest academic standards for her child despite his disability. The school strives to be this option, committed to getting every scholar who walks through our doors to and through college. We believe that sending this message to families with students who have special needs will be a powerful recruiting technique and will help us meet the enrollment target for this population. The lottery also uses a weighted preference for students with disabilities.

In an effort to reinforce the bilingual recruitment strategies of students who are identified as English learners, AF Team Special Services is focusing on accurate identification and assessment procedures that comply with federal and state guidelines. The classification of English learners and subsequent data on language proficiency is an important first step toward effective programming and qualified staffing for appropriate language services. Serving as a three-pronged retention measure, accurate identification, effective programming, and qualified staffing, provide students and families with evidence of prioritizing our understanding of and services for multilingual students and families. In addition, families of students identified as English learners are invited to family meetings twice a year with the Director of Multilingual Learner Education and the Director of Family Engagement. During these meetings, families are made aware of the programming available at AF and of their rights, which include students' access to meaningful participation in all content classrooms and extracurriculars regardless of language proficiency levels, families' access to translators and translated materials, and data results on their children's language proficiency progress. Finally, the AF network is moving toward a more inclusive, assets-based mindset that including academic performance, attendance, and behavior data—are disaggregated and shared with the school leadership team, so that early warning signs can be identified, and appropriate interventions identified.

identified, and appropriate interventions identified.

We believe that strong Tier 2 and Tier 3 interventions, complemented by strong family relationships, are the most effective approaches to prevent the attrition of students with disabilities. In addition to the attrition risk factors described above, we believe there are at least two additional factors for families of students with disabilities. First. families of students with disabilities are more likely to leave if they believe that we hold lower expectations for their children than for their regular education peers. Second, these families are at risk for leaving if they do not understand the services being provided for their children, or if they perceive that more extensive services might be available at another school. As described above, our communication with families about the high expectations we hold for every child, and the differentiated supports and services we provide to make sure each child meets these expectations, will begin with our student recruitment process. These messages will be reinforced in family chats (which are requested of all incoming families), family conferences, and all other communication with families of students with disabilities. Additionally, the network support data team and the managing director of special services will provide disaggregated academic and behavioral data for students with disabilities directly to the principals on a monthly basis, to flag any student for whom additional

Entry 10 – Teacher and Administrator Attrition

Completed - Aug 1 2023

Form for "Entry 10 – Teacher and Administrator Attrition" Revised to Employee Fingerprint Requirements Attestation

A. TEACH System - Employee Clearance

Required of ALL Charter Schools

Charter schools must ensure that all prospective employees[1] receive clearance through the NYSED Office of School Personnel Review and Accountability (OSPRA) prior to employment. This includes paraprofessionals and other school personnel who are provided or assigned by the district of location, or related/contracted service providers. After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is <u>not</u> employed by the school.

1. Emergency Conditional Clearances

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates <u>automatically</u> once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at NYSED CSO Employee Clearance and Fingerprint Memo 10-2019.

[1] Employees who must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers. See NYSED memorandum dated October 1, 2019 at http://www.nysed.gov/common/nysed/files/programs/charter-schools/employeefingerprintoct19.pdf or visit the NYSED website at: http://www.highered.nysed.gov/tsei/ospra/fingerprintingcharts.html for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.

B. Emergency Conditional Clearances

Emergency Conditional Clearances

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates <u>automatically</u> once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at NYSED CSO Employee Clearance and Fingerprint Memo 10-2019.

Attestation

Responses Selected:

I hereby attest that the school has reviewed, understands, and will comply with these requirements.

Entry 13 School Calendar

Completed - Aug 1 2023

Instructions for submitting School Calendar

Required of ALL Charter Schools

If the charter school has a tentative calendar based on available information and guidance at the time, please submit with the August 1, 2023 submission. Charter schools must upload a final school calendar into the portal and may do so at any time but no later than **September 15, 2023**.

School calendars must meet the <u>minimum instructional requirements</u> as required of other public schools "... unless the school's charter requires more instructional time than is required under the regulations."

Board of Regents-authorized charter schools also are required to submit school calendars that clearly <u>indicate the start and end date of the instructional year AND</u> the number of instructional hours and/or instructional days for each <u>month (also used to align to schools with extended days/years referenced in their mission statements/key design elements), See an example of a calendar showing the requested information. Schools **must** use a calendar format <u>and ensure there is a monthly tally of instructional days.</u></u>

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

| Endeavor | Colleen Young has served as the elementary school principal since 2020. Jaden Joseph has served as the middle school principal since 2022. |
| Linden | Mariama Diallo has served as the elementary school principal since 2022. Stephanie Blieka has served as the middle school principal since 2022. |
| North Brooklyn Prep | Alicia Harper has served as the elementary school principal since 2021. Katherine Delacruz has served as the middle school principal since 2022. |
| Voyager | Chris Ford has served as the middle school principal since 2023. |

SCHOOL OVERVIEW

The mission of Achievement First schools is to deliver on the promise of equal educational opportunity for all of America's children. We know that every child—regardless of race, zip code or economic status—deserves access to great schools. We prepare our students to deepen their knowledge of self and community, to excel at college, career and life, and to lead lives of purpose and leadership.

Endeavor and Bushwick opened in 2006. Apollo followed in 2010. North Brooklyn Prep and Linden both opened in 2014, and Voyager opened in 2016.

Core elements of the Achievement First model that support our ambitious goal of closing the achievement gap by preparing our students for success include:

- Unwavering focus on breakthrough student achievement and student experience Great Teaching Fueling an Exceptional Student Experience
- Aggressive recruitment and retention of talent and diversity
- Consistent, proven, standards-based curriculum and strong intellectual preparation for lesson delivery
- Disciplined, high-expectations achievement-oriented school culture
- Interim assessments and strategic use of data to drive instruction
- Principals with the power to lead as well as high-quality, focused training for leaders
- Parents as partners

Historically, AF Brooklyn Charter Schools implemented a strong curriculum developed by AF's Teaching and Learning Team. The data you see in this report is still based on implementation of that internal curriculum.

Starting in 23-24, AF Brooklyn Charter Schools transitioned to implementing a mix of external and internal curriculum to ensure that we continued to provide our children with the best possible curriculum available. In 23-24, we are implementing Wit & Wisdom in K-8 ELA, Achievement First Math in K-4 Math, Illustrative Mathematics in 5-8 Math, and OpenSciEd in Grades 6-8, all of which have been greenlit by EdReports after a rigorous review.

A note on Greenfield and Classic references: In the past, you have seen references to "Greenfield" or GF schools as compared to "Classic". Greenfield refers to a separately developed curriculum and instructional model, the components of which are organically incorporated as they are proven effective. As of 2023-24, we are no longer designating schools as "Greenfield" or "Classic," so this will be the last report that includes any reference to these different models.

GOAL 1: ENGLISH LANGUAGE ARTS

All students at Achievement First Charter Schools will be proficient readers and writers of the English language.

BACKGROUND

We are deeply rooted in our commitment to ensuring that scholars find true joy in reading and writing, and that they leave our program with a deep appreciation for great books, new information, and diverse perspectives. Reading is both a means to college and career readiness as well as a worthy endeavor. Writing is a means not only to express oneself clearly and concisely, but an opportunity to ignite a passion for self-discovery and creative expression.

The opportunity gap is both fueled and reinforced by a knowledge and vocabulary gap. We believe that building deep knowledge across a range of essential topics will ensure that students are stronger readers and can access complex, content-rich text. Our texts and writing assignments are selected intentionally to reinforce both *world* and *word* knowledge and to align with our history, science, music and art programs when appropriate.

We do not build knowledge for the sake of building knowledge. Our program aims to ensure that all students are curious citizens, intent on expanding their own knowledge of the world through asking questions, reading, writing and discussion. We aim to spark students' inquisitiveness and develop a sense of joy for building their knowledge about the world and their own communities, identities, and history. Students will seek new understandings and question their previous assumptions on a variety of topics, including those central to the human experience and current world landscape.

Our students must be voracious and critical readers of varied, complex literature and information text. All students will closely read rich text from diverse genres and perspectives to develop both their analytical skill and critical thinking. Texts are selected for their complexity and for their worthiness, ensuring students engage with revolutionary ideas, well-crafted arguments, and great literature. Our program is designed to help students make coherent, thoughtful arguments using sound and sufficient evidence, so that all students can speak and write in a manner that is insightful, persuasive, and critical.

ELEMENTARY AND MIDDLE ELA

ELA Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State English language arts examination for grades 3-8.

The tables below summarize the participation information for this year's test administration as well as the performance of all students and students enrolled for at least two years.

2022-23 State English Language Arts Exam

ELA Measure 2 - Absolute

Each year, the school's aggregate Performance Index ("PI") on the State English language arts exam will meet that year's state Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

Schools are not required to report attainment of this measure for 2022-23. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information from the NYSED.

ELA Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the school district of comparison.

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.²

ELA Measure 4 - Comparative

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2022-23 analysis is not yet available. This report contains 2021-22 results.³

2021-22 English Language Arts Comparative Performance by Grade Level

| | Grade | Percent | | Students at s 3&4 ⁴ | |
|----------|-------|-------------------------------|--------|-----------------------------------|----------------|
| | Grade | Economically Disadvantaged | Actual | Predicted | Effect Size |
| | 3 | 85.0% | 45.2 | 34.6 | 0.54 |
| | 4 | 82.4% | 25.8 | 30.6 | -0.27 |
| | 5 | 88.0% | 38.9 | 25.0 | 0.90 |
| Apollo | 6 | 86.5% | 62.8 | 46.1 | 0.99 |
| | 7 | 82.9% | 52.2 | 38.9 | 0.72 |
| | 8 | 81.5% | 62.7 | 42.4 | 1.08 |
| | All | 84.4% | 47.6 | 36.0 | 0.66 |
| | 3 | 82.2% | 62.5 | 35.8 | 1.36 |
| | 4 | 86.4% | 46.7 | 28.9 | 1.00 |
| | 5 | 86.1% | 52.1 | 25.8 | 1.58 |
| Bushwick | 6 | 85.5% | 68.0 | 46.5 | 1.28 |
| | 7 | 86.8% | 76.0 | 37.6 | 2.31 |
| | 8 | 79.5% | 69.4 | 43.0 | 1.40 |
| | All | 84.4% | 62.3 | 36.3 | 1.48 |
| Endeavor | 3 | 73.3% | 57.6 | 39.4 | 0.95 |

³ These data can be found in the school's Accountability Summary provided by the Institute in spring 2023.

⁴ Typically, the Institute uses schools' mean scale scores (when available) to calculate the comparative performance analysis. Due to the late availability of the 2021-22 mean scale scores, the Institute formally reported out the analysis using proficiency rates. The Institute will retroactively send schools the 2021-22 comparative performance analysis using mean scale scores in fall 2023.

ELA Measure 5 - Growth

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.

Given the timing of the state's release of Growth Model data, the 2022-23 analysis is not yet available. As such, schools are not required to report on this measure for 2022-23. The Institute will calculate and report out results to schools pending availability of the data.

ELA INTERNAL EXAM RESULTS

During 2022-23, in addition to the New York State 3rd – 8th grade exams, the school primarily used the following assessment to measure student growth and achievement in ELA: STAR Reading in grades 5-8. The following tables evaluate the median student growth percentile for all students. The STAR Reading Assessment is a comprehensive and nationally administered assessment focused on a variety of literacy skills. It is given three times a year in 5-8th grades to assess growth in reading and help identify students for further interventions and support.

Our target goal of 50 refers to the average student growth percentile. STAR Reading is a nationally administered assessment, giving us comparative data. This comparative data helps us understand how students at AF grew relative to peers across the country, given the same initial data. For the purposes of this goal, we expect the average student growth percentile to be at the 50th percentile comparing beginning of year scores to end of year scores.

In 22-23, there were mixed results among the AF Brooklyn schools at meeting the metric of a median SGP of 50 overall. There is a wide range of schools and individual grades exceeding and not meeting this benchmark. In total, two schools met this metric (Apollo and Linden) while four schools did not (Bushwick, Endeavor, North Brooklyn Prep, and Voyager). All but one school (Bushwick) had at least one grade meeting the 50th student growth percentile goal.

End of Year Growth on 2022-23 STAR Reading Assessment By All Students

SUMMARY OF THE ELA GOAL

AF Brooklyn K-8 schools had mixed results on the applicable measures. 5/6 schools met the comparative measure and 2/6 schools met the growth measure.

| Туре | Measure | Outcome |
|-------------|--|--|
| Absolute | Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State English language arts exam for grades 3-8. | Apollo: Not Met Bushwick: Not Met Endeavor: Not Met Linden: Not Met North Brooklyn: Not Met Voyager: Not Met |
| Absolute | Each year, the school's aggregate PI on the state's English language arts exam will meet that year's state MIP as set forth in the state's ESSA accountability system. | N/A |
| Comparative | Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of students in the same tested grades in the school district of comparison. | Apollo: Met Bushwick: Met Endeavor: Not Met Linden: Met North Brooklyn: Met Voyager: Met |
| Comparative | Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. | Apollo: Met Bushwick: Met Endeavor: Met Linden: Met North Brooklyn: Met Voyager: Met |
| Growth | Each year, under the state's Growth Model the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50. | N/A |
| Growth | Each year, the school's median growth percentile of all 5th through 8th grade students will be greater than 50 on the internally administered Star Reading assessment. Student growth is the difference between the beginning of year score and the end of year score. | Apollo: Met Bushwick: Not Met Endeavor: Not Met Linden: Met North Brooklyn: Not Met Voyager: Not Met |

EVALUATION OF ELA GOAL

AF Brooklyn K-8 schools had mixed results on the applicable measures. 5/6 schools met the comparative measure and 2/6 schools met the growth measure.

Additional Context and Evidence

N/A

ELA ACTION PLAN

While we are glad to see strong growth for students during the year, our ELA program is still not yet ensuring students get where they need to be from an absolute perspective. Reading has been named a network focus area for the 23-24 school year and next several years. Our Senior Director of K-12 Reading will continue to further analyze our reading and ELA programs in partnership with our ELA Directors and determine where we need to make adjustments and are currently working on a robust proposal for this multi-year effort.

This year we have implemented a science of reading aligned curriculum - Wit and Wisdom from Great Minds - across our K-8 classrooms. We will continue to assess 5-8 scholars using the STAR assessment, and in grades K-4, we will be using the mCLASS/Dibels + Cubed reading assessments 3x per year. We have also implemented FUNdations and Heggerty across our K-2 (and in most cases 3rd grade) classrooms and have implemented Geodes, a Great Minds series of decodable texts aligned to both Wit & Wisdom and the FUNdations scope and sequence. We are also investing in sending our network leaders and school teams to science of reading training to help us inform future program decisions, shifts, and direct-to-school training and support.

In all grades, we are training teachers on how to better use the data from mCLASS, CUBED, and STAR as well as internal assessments (daily exit tickets, quizzes, unit exams, and IAs) to more effectively drive instruction and support students who are struggling and challenge students who are meeting the grade-level expectation. We have also bolstered our teacher training, supports and focus on reading intervention and ensuring we have a strong Tier 2 program for students who are reading below grade level. We are providing Tier 1 support via more robust on-the-ground support that involves frequent classroom observation and coaching leaders to support their teachers in executing our curriculum and responding to student data. Finally, we have a more robust professional development strategy, with dean cohort once per month and teacher-facing Friday PD approximately once per month.

GOAL 2: MATHEMATICS

Students will demonstrate competency in the understanding and application of mathematical computation and problem solving.

BACKGROUND

For students to thrive in the world they will face after college, they must be able to make sense of the world through a mathematical lens. Therefore, learning mathematics requires more than learning facts and procedures for solving certain types of problems. A well-prepared student will develop proficiency and expertise in several mathematical practices that have long standing importance in mathematics education.

In the mathematics program at Achievement First, mathematical practices come to life through the shifts (focus, coherence, rigor) called for by the Common Core State Standards. We will continue to refine the components of and resources for the program, on our path to seeing these practices and shifts embodied by our students and driving instruction.

Tenets of Achievement First's Mathematics Program:

1. <u>Conceptual Understanding:</u> comprehension of mathematical concepts, operations, and relations

- While developing conceptual understanding, students make meaning of mathematics and make connections across mathematical ideas which allows for rapid acquisition of new knowledge, greater retention, and ability to apply in novel contexts.
- 2. <u>Procedural Fluency:</u> skill in carrying out procedures flexibly, accurately, efficiently, and appropriately
 - The development of procedural fluency allows students to focus mental energy on flexibly approaching and thinking through problems.
- 3. <u>Strategic Competence & Adaptive Reasoning:</u> ability to formulate, represent, and solve mathematical problems; capacity for logical thought, reflection, explanation, and justification.
 - The development of these habits of mind prepares students to solve mathematical problems that they may encounter throughout the rest of their academic and social lives.
- 4. <u>Productive Disposition:</u> habitual inclination to see mathematics as sensible, useful, and worthwhile, coupled with a belief in diligence and one's own efficacy.
 - Students approach challenging situations as opportunities to learn and mistakes made along the way as times for feedback and reflection, not representations of personal failure. This productive disposition is the hallmark of having a growth mindset as opposed to one that is fixed.
- 5. <u>Problem Solving:</u> the umbrella under which all the opportunities to increase proficiency and expertise with mathematical practices fall.
 - While students engage in problem solving, they are making sense of problems, thinking strategically about concept and skill applications, planning and executing a viable approach, and reflecting on process and solutions.

In the 22-23 school year we continued to invest in strengthening our Cognitively Guided Instruction in grades 3-4, with monthly leader support, aligned to our vision. CGI is a framework that helps teachers to understand how children's mathematical ideas develop, and provides an opportunity to build on the child's own thinking and understanding. This past year, we continued Professional Development on CGI for our School Leaders to support teachers to make the sustained and generative changes in their practice that have been shown to have a positive effect on student outcomes.

In grades 5-8, we implemented the Illustrative Math curriculum in all schools, with aligned summer trainings and ongoing support for teachers and school leaders.

ELEMENTARY AND MIDDLE MATHEMATICS

Math Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State Mathematics examination for grades 3-8.

The tables below summarize the participation information for this year's test administration as well as the performance of all students and students enrolled for at least two years.

| | | | | | nematics E sted and N | | | | |

Math Measure 2 - Absolute

Each year, the school's aggregate Performance Index ("PI") on the state mathematics exam will meet that year's state Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

Schools are not required to report attainment of this measure for 2022-23. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information from the NYSED.

Math Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the school district of comparison.

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.

Math Measure 4 - Comparative

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York

State. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2022-23 analysis is not yet available. This report contains 2021-22 results.

Math Measure 5 - Growth

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the target of 50.

Given the timing of the state's release of Growth Model data, the 2022-23 analysis is not yet available. As such, schools are not required to report on this measure for 2022-23. The Institute will calculate and report out results to schools pending availability of the data.

MATHEMATICS INTERNAL EXAM RESULTS

During 2022-23, in addition to the New York State $3^{rd} - 8^{th}$ grade exams, the school primarily used the following assessment to measure student growth and achievement in mathematics: internally created Interim Assessments in grades 3-8.

A comparison between the March 2023 (IA3) and June (EOY) 2023 interim assessments provide insight into the progress scholars made.

For both internal cumulative exams, the cut scores were set in a manner similar to those used on the New York State exam. These are shown in the table below.

Percent Proficient for 2022-23 IA Math By All Students

| | Grades | Percent Proficient IA1 | Percent Proficient IA3 | Percentage Point Difference |
|--------|--------|------------------------|------------------------|--------------------------------|
| | 3 | 28% | 50% | 22% |
| | 4 | 22% | 41% | 19% |

| | | | | |

SUMMARY OF THE MATHEMATICS GOAL

Of the two applicable measures required our charters met 1 of the 2. We also met the additional measure we set based on our internal assessment data.

| Туре | Measure | Outcome |
|----------|--|--|
| Absolute | Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State Mathematics exam for grades 3-8. | Apollo: Not Met Bushwick: Not Met Endeavor: Not Met Linden: Not Met North Brooklyn: Not Met Voyager: Not Met |
| Absolute | Each year, the school's aggregate PI on the state's mathematics exam will meet that year's state MIP as set forth in the state's ESSA accountability system. | N/A |

2022-23 Accountability plan progress report

| Comparative | Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of students in the same tested grades in the school district of comparison. | Apollo: Met Bushwick: Met Endeavor: Met Linden: Met North Brooklyn: Met Voyager: Met |
|-------------|--|--|
| Comparative | Each year, the school will exceed its predicted level of performance on the state mathematics exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. | Apollo: Met Bushwick: Met Endeavor: Met Linden: Not Met North Brooklyn: Met Voyager: Met |
| Growth | Each year, under the state's Growth Model the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the target of 50. | N/A |
| Growth | Between each Interim Assessment cycle there is at least a 10% growth in students who are proficient. | Apollo: Not Met Bushwick: Not Met Endeavor: Not Met Linden: Not Met North Brooklyn: Not Met Voyager: Met |

EVALUATION OF THE MATHEMATICS GOAL

As noted above, the absolute performance of 75% was not met overall. On average, we fell about 20% short of this goal. However, there are some specific school/grade exceptions where the 75% goal was met or exceeded, namely Bushwick (District 32) grade 8, Endeavor (District 13) grade 8, North Brooklyn Prep (District 32) grade 4 and grade 8.

Despite absolute performance falling below goal, all schools met the overall comparative metrics.

One challenge that arose when responding to interim assessments was that the rigor varied from one to the next; for example, the third fifth grade interim assessment (IA3) was more rigorous than the first (IA1), leading to the perception of declining achievement. This perception was counter to the inferences from other sources of data (e.g. unit assessments, classroom observations with detailed study of student work). To remedy this issue, Achievement First has contracted with Achievement Network (ANet) to write interim assessments for the 2023-24 school year that will allow us to more meaningfully gauge progress from one assessment cycle to the next.

MATHEMATICS ACTION PLAN

While we are seeing growth in students during the year and are performing well compared to our comparison districts, absolute performance in Math is not where it needs to be.

In Elementary we are focused on expanding our Cognitively Guided Instruction pilot based on positive feedback and data from schools as well continuing the Context for Learning Mathematics (CFLM) pilot in K-4 that is grounded in a constructivist approach to determine our long term plan for our math program. We have partnered with external experts for both curriculums to continue to build internal expertise around implementation. Additionally, we have a more formalized and improved assessment strategy to better monitor student skill acquisition and growth throughout the year. We are most focused on our CGI

test data and Counting Proficiency Assessment data. We have formalized windows, improved data entry systems, and added completion monitoring for the Counting Proficiency Assessment.

In Middle School we are fully implementing the Illustrative Math curriculum and, within this curriculum, continuing to focus on essential standards as identified by Achieve the Core to allow scholars to deep dive into the most important standards. We have worked hard to train teachers and leaders in this curriculum, and we are monitoring progress toward our implementation goals on a monthly basis. In addition to this monitoring, we are working directly with teachers (once per month) to do ongoing professional development and with leaders to align on the vision for strong instruction and to build skill in helping teachers achieve this vision.

GOAL 3: SCIENCE

Students will demonstrate proficiency in the understanding and application of scientific principles.

BACKGROUND

Our program is designed to ensure that students develop the skills and understandings necessary to be prepared for introductory college level science courses and ultimately the careers of their choice, including (but not limited to) careers in science, engineering, and technology. Our program goes beyond the floor set by current external assessments to ensure that all performance expectations set forth in the Next Generation Science Standards are met. The rigor of content, concepts, and practices gradually increases in complexity from grade band to grade band, to ensure that our scholars have the knowledge and skills to choose careers in STEM.

The tenets of the AF science program are derived from and connected to the conceptual shifts in the Next Generation Science Standards (NGSS), the principles of A Framework for K-12 Science Education (the document from the National Research Council that is the foundation of the NGSS), and our internal core beliefs at Achievement First.

The program is driven by the National Research Council's Framework for K-12 Science Education, which states, "To develop a thorough understanding of scientific explanations of the world, students need sustained opportunities to work with and develop the underlying ideas and to appreciate those ideas' interconnections over a period of years rather than weeks or months." To accomplish this goal, students build background knowledge and an understanding of science by deeply engaging with a focused set of core ideas and practices throughout their educational experience. Through this intensive approach, they will build expertise and use their expertise to make sense of new information or tackle problems.

As a continued testament to how our program goes beyond the floor set by external assessment, during 22-23 we piloted one unit from the OpenSciEd curriculum, which has been designated as High Quality by Achieve and EdReport. We piloted this in the spring at many of our schools in order to learn from, build with, and maintain the integrity of our program. We continue to strive to demand and support a focus on scientific thinking in our schools by supporting the pedagogical development of our teachers and leaders. We are excited about what is to come next.

ELEMENTARY AND MIDDLE SCIENCE

Science Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State science examination.

The school administered the New York State Testing Program science assessment to students in 8th grade in spring 2023. The table below summarizes the performance of students enrolled for at least two years.

Charter School Performance on 2022-23 State Science Exam By Students Enrolled in At Least Their Second Year

| | Grade Students in At Least Their 2 nd Year | | | | |
|----------|---|---------------|-------------------|--------------------|--|
| | Grade | Number Tested | Number Proficient | Percent Proficient | |
| | 4 | | | | |
| Apollo | 8 | 76 | 33 | 43.4% | |
| | All | 76 | 33 | 43.4% | |
| | 4 | | | | |
| Bushwick | 8 | 70 | 22 | 31.4% | |
| | All | 70 | 22 | 31.4% | |
| | 4 | | | | |
| Endeavor | 8 | 72 | 30 | 41.7% | |
| | All | 72 | 30 | 41.7% | |
| | 4 | | | | |
| Linden | 8 | 4 | 2 | 50.0% | |
| | All | 4 | 2 | 50.0% | |
| North | 4 | | | | |
| Brooklyn | 8 | 75 | 53 | 70.7% | |
| Prep | All | 75 | 53 | 70.7% | |
| | 4 | | | | |
| Voyager | 8 | 56 | 21 | 37.5% | |
| | All | 56 | 21 | 37.5% | |

Science Measure 2 - Comparative

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the school district of comparison.

The school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year and the results for the respective grades in the school district of comparison.

| 2022-23 State Science Exam Charter School and District Performance by Grade Level | | | | | | | |
|---|-------|------------------|----------------------|-----------------------|-----------------------|----------------------|-----------------------|
| | CH | | chool Students in | | All District Students | | |
| | Grade | Number Tested | Number Proficient | Percent Proficient | Number Tested | Number Proficient | Percent Proficient |
| | 4 | | | | | | |
| Apollo | 8 | 76 | 33 | 43.4% | | | |
| | All | 76 | 33 | 43.4% | | | |
| | 4 | | | | | | |
| Bushwick | 8 | 70 | 22 | 31.4% | | | |
| | All | 70 | 22 | 31.4% | | | |
| | 4 | | | | | | |

| | 4 | | | | | | |
| Voyager | 8 | 56 | 21 | 37.5% | | | |
| | All | 56 | 21 | 37.5% | | | |

SUMMARY OF THE ELEMENTARY/MIDDLE SCIENCE GOAL

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State examination. This outcome was not met by any of the schools included in this report.

| Туре | Measure | Outcome |
|-------------|---|---------------------------------|
| | | Apollo: Not Met |
| | Each year, 75 percent of all tested students enrolled in | Bushwick: Not Met |
| Alexalista | at least their second year will perform at proficiency on | Endeavor: Not Met |
| Absolute | the New York State examination. | Linden: Not Met |
| | | North Brooklyn: Not Met |
| | | Voyager: Not Met |
| | Each year, the percent of all tested students enrolled in | N/A - no data available at time |
| | at least their second year and performing at proficiency | of submission |
| Comparative | on the state exam will be greater than that of all | |
| | students in the same tested grades in the school | |
| | district of comparison. | |

EVALUATION OF THE SCIENCE GOAL

As noted above, the absolute performance of 75% was not met overall or at any individual school. North Brooklyn Prep performed within 5% of the goal. All other schools performed far below the goal (between -43.6% and -25%).

While our science program is aligned to the current New York State P-12 Science Learning Standards which were adopted in 2016, the Grade 8 NY State Science Exam administered in 2023 was still assessing the Learning Standards for Math, Science, and Technology from 1996. The 1996 standards include content that is not part of the 2016 standards and are also much more focused on memorization and recall of science facts. This difference in the standards taught and those assessed on the State exam likely contributed to student performance on this State Science Exam.

In addition, the learning loss from the pandemic is likely continuing to impact student performance. In science, students missed the opportunities to engage fully in the science practices of planning and carrying out investigations as well as in the full scope & sequence during remote and hybrid instruction.

Additional Context and Evidence

A very low number of students took the Grade 8 Science Exam at Linden due to most parents opting students out of the state test.

| Performance on a Regents Science Exam | | | | | | | | |
|---|---------|---------|--------|---------|---------|---|--|--|
| Of 8 th Grade All Students by Year | | | | | | | | |
| | Voor | Regents | Number | Number | Percent | | | |
| Grade | Year | Exam | Tested | Passing | Passing | | | |

| 8 | 2022-23 | N/A | N/A | N/A | N/A |] | | |

ACTION PLAN

Starting in the 23-24 school year, Achievement First is implementing OpenSciEd in Grades 6-8. This change is shifting the science instruction students receive to be more rigorous, and to help our students excel in and outside the classroom to help them prepare to thrive in the world of tomorrow.

OpenSciEd's world-class, Next Generation Science Standards-aligned (NGSS) instructional materials are designed for how students learn science best. Their high-quality, adaptable, full-course curriculum supports equitable science learning through phenomenon-based, three-dimensional units that prioritize student sensemaking and understanding.

OpenSciEd follows strict design specifications to ensure a quality product that engages diverse students, prompts engrossing discourse and supports the teacher in making science come alive. Through student-led discovery, OpenSciEd fosters a classroom culture of equitable participation where students from all backgrounds contribute at high levels and report that others take their ideas seriously.

We are monitoring implementation of OpenSciEd using an Implementation Progression rubric during classroom observations and student learning data from unit assessments and MAP Growth Science (an external, NGSS-aligned assessment). In a series of four improvement cycles across the school year, we are analyzing and responding to the data. Response will include monthly professional learning sessions for both leaders and teachers, as well as targeted support at schools who need additional support.

GOAL 4: ESSA

ESSA Measure 1

Under the state's ESSA accountability system, the school is in good standing: the state has not identified the school for comprehensive or targeted improvement.

Because *all* students are expected to meet the state's performance standards, the federal statute stipulates that various sub-populations and demographic categories of students among all tested students must meet the state standard in and of themselves aside from the overall school results. As New York State, like all states, is required to establish a specific system for making these determinations for its public schools, charter schools do not have latitude in establishing their own performance levels or criteria of success for meeting the ESSA accountability requirements. Each year, the state issues School Report Cards that indicate a school's status under the state accountability system. More information on assigned accountability designations and context can be found here.

Accountability Status by Year

| | Year | Status | | | | | |
|----------|---------|-------------------------------|--|--|--|--|--|
| | 2020-21 | Good Standing | | | | | |

Independent Auditor's Report

To the Board of Trustees
Achievement First Brooklyn Charter Schools

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Achievement First Brooklyn Charter Schools, which comprise the statement of financial position as of June 30, 2023, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Achievement First Brooklyn Charter Schools as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Achievement First Brooklyn Charter Schools and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Achievement First Brooklyn Charter Schools' ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Achievement First Brooklyn Charter Schools' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Achievement First Brooklyn Charter Schools' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Reported on Summarized Comparative Information

We have previously audited Achievement First Brooklyn Charter Schools' 2022 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 31, 2022. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2022 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the combining schedule of activities by charter and schedules of functional expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards, combining schedule of activities by charter and schedules of functional expenses are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2023, on our consideration of Achievement First Brooklyn Charter Schools' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Achievement First Brooklyn Charter Schools' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Achievement First Brooklyn Charter Schools' internal control over financial reporting and compliance.

Notes to Financial Statements June 30, 2023

Note 1 - Nature of operations

Achievement First Brooklyn Charter Schools (the "School") focus on strengthening the academic and character skills needed for all students to excel in top-tier colleges, to achieve success in a competitive world, and to serve as the next generation of leaders in their communities. The Board of Regents of the State University of New York ("SUNY") originally granted individual charters to the schools (Achievement First Apollo Charter School, Achievement First Aspire Charter School, Achievement First Brownsville Charter School, Achievement First Bushwick Charter School, Achievement First Crown Heights Charter School, Achievement First East New York Charter School and Achievement First Endeavor Charter School). These charters were valid for a term of five years and renewable upon expiration. Additional charters were subsequently granted to Achievement First Linden Charter School, Achievement First North Brooklyn Charter School, Achievement First Voyager Charter School and Achievement First Legacy Charter School. The supplemental schedules to the financial statements provide additional operating activity by charter. The schools operate under one legal entity. The financial statements reflect the activities of the eleven charter schools for the fiscal year ended June 30, 2023.

The School is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code ("IRC") and under the corresponding provisions of the New York State tax laws. The School's primary source of income is government funding. The School has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) of the IRC and qualifies for deductible contributions as provided in Section 170(b)(1)(A)(ii). Today, the School serves students primarily from low-income households in Brooklyn and Queens, New York.

During the year ended June 30, 2023, the School operated classes for students in K-12. Charters that share space with New York City Department of Education ("NYCDOE") schools are not responsible for rent, utilities, custodial services, or maintenance. Charters that share space with other charter schools or do not share space are responsible for operating occupancy costs.

Note 2 - Summary of significant accounting policies

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the School and changes therein are classified and reported as follows:

Net assets without donor restrictions represent available resources other than donor-restricted contributions. Included in net assets without donor restrictions are funds that may be earmarked for specific purposes.

Board-designated net assets represent net assets established by the Board of Trustees, which represents funds without donor restrictions set aside for future needs of the School. Cash basis operating surpluses, if they exist at year-end, may be used to accumulate the board-designated reserve. Utilization of the reserve may be approved by the Board of Trustees and used for emergency funds in case of an unexpected financial crises, start-up costs for growth needs, facility capital requirements, principal-in-residence salaries and one-time projects which have significant future potential. The reserve balance will be generated from the schools' budgeted per-pupil operating revenue, excluding state and federal nonoperating grants.

Notes to Financial Statements June 30, 2023

Net assets with donor restrictions are subject to donor- (or certain grantor-) imposed restrictions which are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Statement of cash flows

For purposes of reporting cash flows, the School considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. There were no cash equivalents at June 30, 2023.

Cash and cash equivalents

The following table provides a reconciliation of cash and restricted cash reported within the statement of financial position that sum to the total of the same such amount shown in the statement of cash flows:

| | 2023 | 2022 |
|-------------------------|-----------------------------|-----------------------------|
| Cash Restricted cash | \$ 46,790,717 350,000 | \$ 38,856,358 350,000 |
| Total | \$ 47,140,717 | \$ 39,206,358 |

Restricted cash

The School has designated \$350,000 to be set aside for contingency purposes as required by the Board of Trustees of the State University of New York.

Grants and other receivables

Grants receivable represent amounts owed to the School for federal or state funding. Grants receivable that are expected to be collected within one year, and recorded at net realizable value, are \$10,443,859 at June 30, 2023. The School has determined that no allowance for uncollectible accounts for receivables is necessary as of June 30, 2023. Such estimate is based on management's assessments of the creditworthiness of its donors, the aging of its receivables as well as current economic conditions and historical information.

Revenue recognition

The School reports unconditional promises to give as revenue when the promise is received. Conditional promises to give are recognized as revenue when the condition is met. Grants and contributions received are recorded as with or without donor restrictions depending on the existence and/or nature of any donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Donor-restricted contributions whose conditions and restrictions are met in the same reporting period have been reported as support increasing net assets without donor restrictions in the statement of activities.

Revenue from state and local governments resulting from the School's charter status is based on the number of students enrolled and is recorded when services are performed in accordance with the charter agreement. The School receives a substantial portion of its support and revenue from the NYCDOE. If the charter school laws were modified, reducing or eliminating these revenues, the School's finances could be materially adversely affected.

Notes to Financial Statements June 30, 2023

Donated goods and services

The School occasionally receives contributed goods and services. Such goods and services are only recorded as in-kind contributions at their fair value, provided they meet the criteria for recognition. Such criteria includes contributions of services that (i) create or enhance nonfinancial assets or those that require specialized skills, (ii) are provided by individuals possessing those skills, and (iii) would typically need to be purchased, if not provided by donation, and are recorded at their fair value in the period received.

Contributed services received from Board Members and volunteers are not recorded in the financial statements since these services do not meet the criteria for recognition as contributed services.

The School does not record any in-kind contributions and related costs with respect to dedicated and shared space provided to it by the NYCDOE as the premises are temporary in nature, is excess shared space whereby a fair value cannot be determined and is industry practice.

Property and equipment

Property and equipment are stated at cost. The School has established a threshold for review of expenditures equal to or greater than \$3,000 for potential capitalization as a fixed asset. Property and equipment acquired with certain government contract funds is recorded as an expense pursuant to the terms of the contract in which the government funding source retains ownership of the property. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized.

Depreciation and amortization are provided on a straight-line basis over the estimated useful lives or lease terms as follows:

| Asset | Estimated lives |
|------------------------|-----------------|
| | |
| Leasehold improvements | 5 - 20 years |
| Furniture and fixtures | 5 - 8 years |
| Computers and hardware | 3 - 7 years |
| Equipment | 3 - 7 years |

Long-lived assets

The School recognizes an impairment loss when the carrying amount of a long-lived asset exceeds its fair value. In the event that facts and circumstance indicate that the carrying amounts of long-lived assets may be impaired, an evaluation of recoverability would be performed. The evaluation process consists of comparing the estimated future undiscounted cash flows associated with the asset to the asset's carrying amount to determine if a write down is required. If the review indicates that the asset will not be recoverable, the carrying value of the asset would be reduced to its estimated realizable value. There was no impairment loss recognized for the year ended June 30, 2023.

Functional allocation of expenses

The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on management's assessment. Health and retirement benefits and payroll taxes are allocated to programs and supporting services based on the percentage of salary expense of the program to total salary expense.

Notes to Financial Statements June 30, 2023

Tax-exempt status

The School is exempt under Section 501(c)(3) of the Internal Revenue Code ("IRC") and is exempt from private foundation status under IRC Section 509(a)(3) and as such is not subject to federal or state income taxes.

Management has analyzed the tax positions taken by the School and has concluded that, as of June 30, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The School's federal information returns prior to fiscal year 2020 are closed and management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

If the School has unrelated business income taxes, it will recognize interest and penalties associated with any tax matters as part of the income tax provision and include accrued interest and penalties with the related tax liability in the statements of financial position.

Prior year summarized information

The financial statements include certain prior year summarized comparative information in total, but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the financial statements of Achievement First Brooklyn Charter Schools for the year ended June 30, 2022, from which the summarized information was derived.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Concentrations of credit risk

The School maintains cash and cash equivalent balances in various financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation. From time to time, the School's balances may exceed these limits. As of June 30, 2023, the School had uninsured bank balances of \$45,359,125. The School limits its credit risk by selecting financial institutions considered to be highly creditworthy.

Subsequent events

Management has reviewed subsequent events through October 31, 2023, which is the date the financial statements were approved and available for issuance.

Note 3 - New accounting pronouncement

The School adopted Accounting Standards Update 2016-02 (as amended), *Leases* ("Topic 842") on July 1, 2022 ("Adoption Date"). Topic 842 requires lessees to recognize a right-of-use asset and a corresponding lease liability for most leases. The School elected and applied the following practical expedients on the Adoption Date:

 The package of practical expedients permitting the School to not reassess (i) the lease classification of existing leases; (ii) whether existing and expired contracts are or contain leases; and (iii) initial direct costs for existing leases.

Notes to Financial Statements June 30, 2023

The School recognized the following as of the Adoption Date in connection with transitioning to Topic 842:

| | As o | As of July 1, 2022 | | |
|-------------------------------------|------|--------------------|--|--|
| Operating lease right-of-use assets | \$ | 8,001,712 | | |
| Operating lease liabilities | | 8,725,746 | | |

The adoption of Topic 842 did not have a material impact on the School's change in net assets for the year ended June 30, 2023.

The School presents its right-of-use assets and lease liabilities for operating leases separately on its statement of financial position. See Note 14 regarding the School's right-of-use assets for operating leases and lease liabilities.

Note 4 - Liquidity

The School regularly monitors liquidity required to meet its annual operating needs and other contractual commitments. As of June 30, 2023, the School has financial assets available to meet annual operating needs for the 2024 fiscal year as follows:

| Cash Grants and other receivables | \$ 46,790,717 10,443,859 |
|---|--------------------------------|
| Receivable from related party - revolving lines of credit Due from other school | 7,142,270 6,039 |
| Total financial assets | 64,382,885 |
| Less Receivable from related party - revolving lines of credit Board-designated reserve | (7,142,270) (7,000,000) |
| Financial assets available to meet cash needs for general expenditures within one year | \$ 50,240,615 |

These financial assets are not subject to any grantor or contractual restrictions. The School supports its general operations primarily with Federal and State grants, which are recognized as purpose restrictions are met. The balances due to the NYC Department of Education and NYS Education Department represent advances received that are due back to the State based on the fiscal year reconciliation and do not represent operating expenses.

Note 5 - Receivable from related party - unsecured revolving line of credit

The School has entered into unsecured revolving lines of credit established with entities that are wholly owned by Achievement First, Inc. ("AF"). See Note 9 for the relationship between the School and AF. AF lines bear interest at a fixed rate of 2.6%. Funds are available upon written request. The School may demand repayment of principal and/or accrued interest in part or in full at any time and

Notes to Financial Statements June 30, 2023

such repayments shall be due 45 business days thereafter. Balances on the lines are as follows as of June 30, 2023:

| | Credit limit | | An | nount drawn |
|---|--------------|-------------------------------------|----|-------------------------------------|
| AF Brooklyn HS4, LLC AF Queens ES1, LLC AF Glenmore Avenue, LLC | \$ | 5,000,000 4,000,000 4,000,000 | \$ | 3,549,327 1,605,693 1,987,250 |
| | \$ | 13,000,000 | \$ | 7,142,270 |

Note 6 - Concentrations

The School received approximately 83% of its operating revenue, which is subject to specific requirements, from per pupil funding from the NYCDOE during the year ended June 30, 2023.

The School's grants and other receivables consist of 97% from the State of New York as of June 30, 2023.

Note 7 - Property and equipment

The following is a summary of property and equipment at June 30, 2023:

| Leasehold improvements Furniture and fixtures | \$ | 16,195,658 313,475 |
|---|----------|-----------------------|
| Computers and other hardware | | 48,554 |
| Equipment | | 1,556,755 |
| | | 10.11.110 |
| | | 18,114,442 |
| Less accumulated depreciation | | (11,977,565) |
| | Φ | 6 426 077 |
| | <u> </u> | 6,136,877 |

Depreciation expense was \$1,885,485 for the year ended June 30, 2023.

Note 8 - Lease acquisition costs

The NYCDOE, through the New York State Construction Authority ("NYSCA"), agreed to help finance the development and construction of 510 Waverly Avenue, Brooklyn, New York provided that Civic Builders (the "construction manager") and Achievement First Endeavor Charter School collectively contributed 20% of the costs of the construction.

In December 2012, NYSCA, the landlord, entered into an agreement to lease the building to Civic Builders for a 30-year term. Civic Builders entered into an agreement to sublease the building to AF Waverly LLC. AF is the sole member, which in turn leases the building to the School under the same terms at an annual lease of \$1 plus operating costs. The lease acquisition costs of \$6,792,379 include the costs incurred by Achievement First Endeavor Charter School in meeting their obligation to NYCDOE to fund 20% of the costs of construction; these costs are amortized over the 30-year lease term. Amortization expense for the year ended June 30, 2023 was \$226,412 and accumulated amortization at June 30, 2023 was \$2,926,692. Amortization expense for each of the next five years is \$226,412.

Notes to Financial Statements June 30, 2023

Note 9 - Related party transactions

The School entered into an Academic and Business Services Agreement (the "Agreement") with AF, a not-for-profit organization dedicated to helping start and run charter schools. This Agreement provides management and other administrative support services to the School.

Pursuant to the terms of the Agreement, the School pays a service fee equivalent to 10% of public revenues received by the School during or for that school year. Public revenues include all sources of revenue from a public source, but specifically exclude in-kind contributions such as student transportation, start-up funding, funding for student meals, and funding from competitive public grants. The Agreement automatically renews to coincide with the charter renewals for each school. The Agreement covers services including bookkeeping, facilities acquisition and management, special education delivery support, data analysis management support, and tutoring program support. The School is to pay AF an ancillary services fee that is mutually negotiated by the School and AF. For the year ended June 30, 2023, the School incurred management and ancillary services fees of \$19,289,138, which are included in the accompanying statement of functional expenses. AF is also the recipient of grant funds that are passed through AF to the School. The amount due to AF at June 30, 2023 was \$931,604.

The School received \$348,221 of contributions from AF for the year ended June 30, 2023. See Note 14 for related party leases.

Note 10 - Due from/to other schools

The following amounts were due from/to related schools and consist of the following at June 30, 2023:

| Achievement First Providence Charter School | \$ 5,159 |
|---|-------------|
| Achievement First Bridgeport Academy | (560) |
| Achievement First Elm City Charter School | 880 |
| | |
| | \$ 5,479 |

Note 11 - Loans payable

Loans payable to Charter School Growth Fund bear interest at 1% and 3%. The 1% loans are start-up loans and no payments of principal or interest are required until maturity. The 3% loans are improvement loans and require annual payments of principal and interest. Loans mature through June 30, 2023. This loan balance was repaid in full as of June 30, 2023. Interest expense of \$4,672 is included in interest expense on the statement of functional expenses.

The loan payable to Peak Demand Energy is a noninterest-bearing loan. The loan was established to pay for lighting costs related to school renovations. The loan is paid through monthly payments equal to the cost savings, quantified by the reduction in energy usage each month, which is approximately \$2,000 per month. The loan was paid off during fiscal year 2023.

Note 12 - Due to NYC Department of Education and the New York State Education Department

The NYCDOE paid the School per pupil grant funds in six installments, based on estimates from the School. At the end of each year, the NYCDOE reconciles the total amount paid against the full-time-equivalent enrollment for the year and determines if an overpayment or underpayment has been made. As of June 30, 2023, an overpayment totaling \$83,561 had been made; an adjustment for

Notes to Financial Statements June 30, 2023

this amount will be reflected in the third payment from NYCDOE in FY 2024. Additionally, the New York State Education Department informed the School during the year ended June 30, 2018, that an error had been made in the allocation of Title II funds available to districts throughout the State. As a result, \$788,840 was received by the School in excess of the State's recalculated grant allocation. During the year ended June 30, 2023, the final installment of \$157,768 was repaid.

The School discontinued their involvement in the National School Lunch Program as of June 30, 2023. As a result, the School owes the New York State Education Department \$457,456 for unexpended funds. As of June 30, 2023, the School also owes the New York State Education Department \$6,577 for an overpayment of Title I funding.

Note 13 - Contributed nonfinancial assets

For the year ended June 30, 2023, contributed nonfinancial assets recognized within the statement of activities included:

| | | | | 2023 | |
|------------------|----|----------------------|------------------------------------|--------------------|---------------------------------|
| | - | Revenue ecognized | Utilization in programs/activities | Donor restrictions | Valuation techniques and inputs |
| Digital learning | \$ | 268,144 | Regular education | None | Donor's purchase cost |
| Textbooks | | 173,894 | Regular education | None | Donor's purchase cost |
| Library books | | 55,592 | Regular education | None | Donor's purchase cost |

Note 14 - Leases

The School leases buildings and office equipment. All contracts that implicitly or explicitly involve property, plant and equipment are evaluated to determine whether they are or contain a lease.

At lease commencement, the School recognizes a lease liability, which is measured at the present value of future lease payments, and a corresponding right-of-use asset equal to the lease liability, adjusted for prepaid lease costs, initial direct costs and lease incentives. The School has elected and applies the practical expedient available to lessees to combine non-lease components with their related lease components and account for them as a single combined lease component for all its leases. The School remeasures lease liabilities and related right-of-use assets whenever there is a change to the lease term and/or there is a change in the amount of future lease payments, but only when such modification does not qualify to be accounted for as a separate contract.

The School determines an appropriate discount rate to apply when determining the present value of the remaining lease payments for purposes of measuring or remeasuring lease liabilities. As the rate implicit in the lease is generally not readily determinable, the School estimates the risk-free rate as the discount rate. The School's risk-free rate, which is determined at either lease commencement or when a lease liability is remeasured, is the rate on the U.S. government securities over a period commensurate with the lease term.

For accounting purposes, the School's leases commence on the earlier of (i) the date upon which the School obtains control of the underlying asset and (ii) the contractual effective date of a lease. Lease commencement for most of the School's building leases coincides with the contractual effective date. The commencement date for most of the school's office equipment leases coincides with when the School obtains control of the underlying assets. The School's leases generally have minimum base terms with renewal options or fixed terms with early termination options. Such

Notes to Financial Statements June 30, 2023

renewal and early termination options are exercisable at the option of the School and, when exercised, usually provide for rental payments during the extension period at then current market rates or at pre-determined rental amounts. Unless the School determines that it is reasonably certain that the term of a lease will be extended, such as through the exercise of a renewal option or non-exercise of an early termination option, the term of a lease begins at lease commencement and spans for the duration of the minimum non-cancellable contractual term. When the exercise of a renewal option or non-exercise of an early termination option is reasonably certain, the lease term is measured as ending at the end of the renewal period or on the date an early termination may be exercised.

The School includes variable rental payments based on a rate or an index such as the Consumer Price index (CPI) in its measurement of lease payments based on the rate or index in effect at lease commencement. Other types of variable lease payments are expensed as incurred.

Leases involving real estate

Leases of facilities have three-year terms, which terms have been incorporated into our measurement of the related right-of-use assets and lease liabilities. Although most of the real estate leases include one or more options to renew that can extend the contractual terms from one to three years, those renewal options are exercisable solely at the School's discretion and have been excluded from lease term measurements. The real estate leases generally require reimbursement of real estate taxes, common area maintenance, and insurance. The School leases these facilities from two limited liability companies wholly owned by AF. Such leases provide for below market rentals, are cancellable at any time, and do not provide purchase options.

Rental payments on these leases typically provide for fixed minimum payments that increase over the lease term at predetermined amounts.

The School entered into a facility lease with Glenmore Avenue, LLC, a limited liability company wholly owned by AF, which will commence upon substantial completion of the school. Upon commencement, monthly rent payments are \$214,208 and are subject to a 2.6% increase each year. The agreement with Glenmore Avenue, LLC has a term of 30 years and allows the lease to be extended for an additional 19 years if the overlease is extended and requires the School to achieve certain financial covenants upon occupancy of the premises.

Leases involving equipment

Office equipment leases have lease terms that generally range from less than one year to five years and generally do not have renewal options. Rental payments on these leases have fixed payments.

Notes to Financial Statements June 30, 2023

Financial information

The following contains information about the School's right-of-use assets and lease liabilities for its operating leases as of June 30, 2023:

| | Statement of Financial Position Classification | _ Jur | ne 30, 2023 |
|--------------------------------------|--|-------|-------------|
| Right-of-use assets Operating leases | Noncurrent assets | \$ | 5,955,315 |
| Lease liabilities Current | | | |
| Operating leases Noncurrent | Current liabilities | \$ | 4,466,041 |
| Operating leases | Noncurrent liabilities | | 2,304,911 |
| Total lease liabilities | | \$ | 6,770,952 |

The components of the School's lease cost for the year ended June 30, 2023 are as follows:

| | Statement of Functional Expense Classification | Jur | ne 30, 2023 |
|---------------------------|--|----------|-------------|
| Operating lease cost, net | | | |
| Rent expense | Repairs and maintenance, Office expense | \$ | 3,803,525 |
| · | Office expense | <u> </u> | |
| Short-term lease expense | Office expense | \$ | 141,822 |

The School had elected to apply the short-term practical expedient to its leases. The rental costs of short-term leases are included in office expenses in the statement of activities.

Supplemental cash flow information related to the School's leases for the year ended June 30, 2023 is as follows:

| Year ended June 30, 2023 | Operating leases | | | | | |
|--|------------------|-----------|--|--|--|--|
| Cash paid for amounts included in the measurement of lease liabilities | | | | | | |
| Operating | \$ | 3,711,926 | | | | |
| Right-of-use assets obtained in exchange | | | | | | |
| for lease liabilities | | | | | | |
| Operating | \$ | 9,527,943 | | | | |

Notes to Financial Statements June 30, 2023

The weighted average remaining term and weighted average discount rate for the School's leases are as follows as of June 30, 2023:

Weighted average remaining term (in years) 2.21
Weighted average discount rate 3.01%

(1) The Organization has elected to use a risk-free rate as the discount rate for its leases. The Organization uses rates on U.S. government securities for periods comparable with lease terms as risk-free rates.

The annual maturity analysis of the School's lease liabilities as of June 30, 2023 is as follows:

| Calendar year | Оре | erating leases |
|--|-----|----------------|
| | | |
| 2024 | \$ | 4,599,601 |
| 2025 | | 1,032,315 |
| 2026 | | 718,093 |
| 2027 | | 544,270 |
| 2028 | | 110,026 |
| | | |
| Total lease payments | | 7,004,305 |
| Less: Interest | | 233,353 |
| | | |
| Present value of lease liability | | 6,770,952 |
| Less: current portion of lease liabilities | | 4,466,041 |
| Noncurrent portion of lease liabilities | \$ | 2,304,911 |

Note 15 - Agreement for School facilities

The School has entered into verbal agreements with the NYCDOE for dedicated and shared space at a cost of \$1 per year or less. In accordance with industry standards, the fair value of the rent has not been recorded. The School will be responsible for any overtime-related cost for services provided beyond the regular opening hours. For the year ended June 30, 2023, the School incurred no overtime and incurred no permit fees. The School also entered into an Administrative Cost Management Agreement that requires the School to pay Uncommon Crown Heights, LLC for its share of the building costs for the facilities located at 1485 Pacific Street, Brooklyn, New York. The fair value of the rent has not been included in the accompanying financial statements as the agreement is nonbinding, the premises are temporary in nature, is excess shared space whereby a fair value cannot be determined and is industry practice.

Note 16 - Pension plan

Effective September 1, 2006, the School adopted a 403(b) profit sharing plan (the "Plan") which covers most of the employees. The Plan is a defined contribution plan. Employees are eligible to enroll in the Plan upon employment. Those employees who have completed at least one full year of service are also eligible for employer contributions. The Plan provides for the School to contribute up to 4% of an employee's salary, up to a maximum match of \$2,500 per year, per employee. The School contribution is not vested until the employee's third year, when he or she becomes fully

Notes to Financial Statements June 30, 2023

vested. For the year ended June 30, 2023, pension expense for the School was approximately \$1,200,000, which is included in retirement in the accompanying statement of functional expenses.

Note 17 - Risk management

The School is exposed to various risks of loss related to torts; thefts of, damage to and destruction of assets; actions by employees and parents; and natural disasters. The School maintains commercial insurance to protect itself from these risks.

The School entered into contractual relationships with certain governmental funding sources. The governmental agencies may request return of funds as a result of noncompliance by the School, as well as additional funds for the use of facilities. The accompanying financial statements make no provision for the possible disallowance or refund because management does not believe that there are any liabilities to be recorded.

Note 18 - Conditional contribution

AF received a conditional grant commencing April 2020 for expansion and minor repairs, of which they have allocated \$4,629,142 to the School. This grant is expected to cover periods through March 2025. Donor conditions specify that amounts must be spent on expenditures relevant to approved grant purpose. Since this grant represents a conditional promise to give, amounts will not be recognized as contribution revenue until donor conditions are met. For the year ended June 30, 2023, \$109,826 was recorded as revenue related to this grant. The remaining conditional promise to give at June 30, 2023 was \$3,500,607.

During the year ended June 30, 2021, the School received conditional ESSER grants of \$46,311,444. These grants are expected to cover periods through September 2023. Donor conditions specify that amounts must be spent on expenditures relevant to the approved grant purpose. Since these grants represent a conditional promise to give, amounts will not be recognized as contribution revenue until donor conditions are met. Prior to 2023, \$10,093,571 of the conditions were met. During 2023, contribution revenue of \$8,702,195 and \$43 of contributions expired were recorded related to this grant. The remaining conditional promise to give at June 30, 2023 was approximately \$27,500,000.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees
Achievement First Brooklyn Charter Schools

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Achievement First Brooklyn Charter Schools, which comprise the statement of financial position as of June 30, 2023, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated October 31, 2023.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Achievement First Brooklyn Charter Schools' internal control over financial reporting ("internal control") as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Achievement First Brooklyn Charter Schools' internal control. Accordingly, we do not express an opinion on the effectiveness of Achievement First Brooklyn Charter Schools' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2023-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Achievement First Brooklyn Charter Schools' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as item 2023-001.

Achievement First Brooklyn Charter Schools' Response to Findings

Achievement First Brooklyn Charter Schools' response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Achievement First Brooklyn Charter Schools' response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Hartford, Connecticut October 31, 2023

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance Required by the Uniform Guidance

To the Board of Trustees
Achievement First Brooklyn Charter Schools

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Achievement First Brooklyn Charter Schools' compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Achievement First Brooklyn Charter Schools' major federal programs for the year ended June 30, 2023. Achievement First Brooklyn Charter Schools' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Achievement First Brooklyn Charter Schools complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States ("Government Auditing Standards"); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Achievement First Brooklyn Charter Schools and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Achievement First Brooklyn Charter Schools' compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Achievement First Brooklyn Charter Schools' federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Achievement First Brooklyn Charter Schools' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Achievement First Brooklyn Charter Schools' compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with *GAAS*, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Achievement First Brooklyn Charter Schools' compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Achievement First Brooklyn Charter Schools' internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Achievement First Brooklyn Charter Schools' internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2023-002. Our opinion on each major federal program is not modified with respect to this matter. *Government Auditing Standards* requires the auditor to perform limited procedures on Achievement First Brooklyn Charter Schools' response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. Achievement First Brooklyn Charter Schools' response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant

deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be a significant deficiency.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2023-002, to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed. *Government Auditing Standards* requires the auditor to perform limited procedures on Achievement First Brooklyn Charter Schools' response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. Achievement First Brooklyn Charter Schools' response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards June 30, 2023

Note 1 - Basis of presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Achievement First Brooklyn Charter Schools (the "School") under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of the School, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the School.

Note 2 - Summary of significant accounting policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass through identifying numbers are provided when available.

Note 3 - Indirect cost rate

The School has not elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

Schedule of Findings and Questioned Costs Year Ended June 30, 2023

Achievement First Brooklyn Charter Schools

Schedule of Findings and Questioned Costs Year Ended June 30, 2023

II. Findings - Financial Statement Audit

Finding No. 2023-001

Criteria

According to the Audit Guide for State University of New York ("SUNY") Authorized Charter Schools, the School is required to perform a criminal history records search which includes the fingerprinting and background checking of all prospective employees. Test results must be obtained to ensure clearance for employment.

Condition

The School did not have records of performing fingerprint and criminal history record checks for all employees hired during the year ended June 30, 2023.

Context

A sample of 40 new hires was selected from a population of 304. We identified exceptions in 5 out of the 40 new hires tested. The sample was not statistically valid.

Cause

The School did not have a clear process for following up on new hire background check clearances.

Effect

The School is not in compliance with the hiring procedures required under the laws, regulations, contracts and grant agreements requirements of the Audit Guide for SUNY Authorized Charter Schools.

Identification as a Repeat Finding

This is not a repeat finding.

Recommendation

The School should review its procedures and internal controls over its performance of fingerprint and criminal history record checks for new hires to ensure compliance with SUNY Charter School requirements. The internal controls should include assuring 100% testing and retaining documentation to support the performance of these checks.

Reporting Views of Responsible Officials

The School will review the procedures and internal controls to SUNY Charter School Requirements to ensure 100% compliance.

Achievement First Brooklyn Charter Schools

Schedule of Findings and Questioned Costs Year Ended June 30, 2023

III. Findings and Questioned Costs - Major Federal Award Programs Audit

Finding No. 2023-002 - COVID-19 Education Stabilization Fund - Elementary and Secondary School Emergency Relief Fund - Assistance Listing Number #84.425D

Criteria

According to 2CFR Part 200.405 of the Office of Management and Budget's Uniform Guidance, a cost is allowable to a particular Federal award or to the cost objective if the goods or services involved are chargeable or assignable to that Federal award or cost objective in accordance with the relative benefits received.

Condition

The School provided a completed claim report for reimbursement of expenses that was finalized internally but not yet submitted to the grantor. The report was not properly reviewed resulting in an overstatement of expenses incurred in the report.

Questioned Costs

The claim report was modified prior to submission to the grantor, therefore there were no questioned costs.

Context

The School submits quarterly claim reports. The final report was not properly reviewed nor prepared.

Cause

Certain costs were double counted within the claims report due to the report not being properly reviewed.

Effect

Lack of a proper review may result in an incorrect claim filing and receipt of funds in excess of allowable costs incurred.

Identification as a Repeat Finding

This is not a repeat finding.

Achievement First Brooklyn Charter Schools

Schedule of Findings and Questioned Costs Year Ended June 30, 2023

Recommendation

Claim reports and supporting schedules should be reviewed prior to finalization by the supervisor of the preparer of the report.

Reporting Views of Responsible Officials

We agree with the finding and will develop procedures to address the finding.

Achievement First Brooklyn K-8 Charters

2022-23 ACCOUNTABILITY PLAN PROGRESS REPORT

Submitted to the SUNY Charter Schools Institute on:

November 15, 2023 By John Sharkey

| Charter | School Address | School Phone Number |
|---------------------|---|---------------------|
| Apollo | 350 Linwood St Brooklyn, NY 11208 | 347-471-2620 |
| Bushwick | 125 Covert St Brooklyn, NY 11207 | 347-471-2550 |
| Endeavor | 510 Waverly Avenue Brooklyn, NY 11238 | 718-622-5994 |
| Linden | 800 Van Siclen Ave Brooklyn, NY 11207 | 347-471-2700 |
| North Brooklyn Prep | 200 Woodbine Street Brooklyn, NY 11221 | 347-471-2690 |
| Voyager | 601 Parkside Avenue Brooklyn, NY 11226 | 347-471-2640 |

John Sharkey and Meaghan Ross prepared this 2022-23 Accountability Progress Report on behalf of the charter school's board of trustees:

| | Board Position | | |
|----------------------|--|---------------------------------------|--|
| Trustee's Name | Office (e.g., chair, treasurer, secretary) | Committees (e.g., finance, executive) | |
| Romy Coquillette | Chair | Executive, Academic, Facilities | |
| Desiree Dalton | Parent Representative | Academic | |
| Tamika Bradley | Parent Representative | Academic | |
| Jonathan Atkeson | Trustee/Member | Facilities | |
| Warren Young | Treasurer | Executive, Finance | |
| Amy Arthur Samuels | Trustee/Member | Academic | |
| Kevin Miquelon | Trustee/Member | Facilities | |
| Paul Cabana | Trustee/Member | N/A | |
| Josh Vidro | Trustee/Member | Facilities | |
| William Robalino | Trustee/Member | Finance | |
| Akeem Frett | Trustee/Member | Finance | |
| Christopher J. Lynch | Vice Chair | Executive, Finance, Facilities | |
| Anup Menon | Trustee/Member | Executive | |
| Shawn Warren Crowley | Trustee/Member | N/A | |
| Alison Richardson | Vice Chair | Executive, Academic | |

School Leaders

| Charter | Principal |
|------------------------|--|
| Apollo | Jessica McDonald has served as the elementary school principal since 2023. Jesse Uggla has served as the middle school principal since 2019. |
| Bushwick | Courtney Saretzky has served as the elementary school principal since 2017. Samantha Jones has served as the middle school principal since 2022. |
| Endeavor | Colleen Young has served as the elementary school principal since 2020. Jaden Joseph has served as the middle school principal since 2022. |
| Linden | Mariama Diallo has served as the elementary school principal since 2022. Stephanie Blieka has served as the middle school principal since 2022. |
| North Brooklyn Prep | Alicia Harper has served as the elementary school principal since 2021. Katherine Delacruz has served as the middle school principal since 2022. |
| Voyager | Chris Ford has served as the middle school principal since 2023. |

SCHOOL OVERVIEW

The mission of Achievement First schools is to deliver on the promise of equal educational opportunity for all of America's children. We know that every child—regardless of race, zip code or economic status—deserves access to great schools. We prepare our students to deepen their knowledge of self and community, to excel at college, career and life, and to lead lives of purpose and leadership.

Endeavor and Bushwick opened in 2006. Apollo followed in 2010. North Brooklyn Prep and Linden both opened in 2014, and Voyager opened in 2016.

Core elements of the Achievement First model that support our ambitious goal of closing the achievement gap by preparing our students for success include:

- Unwavering focus on breakthrough student achievement and student experience Great Teaching Fueling an Exceptional Student Experience
- Aggressive recruitment and retention of talent and diversity
- Consistent, proven, standards-based curriculum and strong intellectual preparation for lesson delivery
- Disciplined, high-expectations achievement-oriented school culture
- Interim assessments and strategic use of data to drive instruction
- Principals with the power to lead as well as high-quality, focused training for leaders
- Parents as partners

Historically, AF Brooklyn Charter Schools implemented a strong curriculum developed by AF's Teaching and Learning Team. The data you see in this report is still based on implementation of that internal curriculum.

Starting in 23-24, AF Brooklyn Charter Schools transitioned to implementing a mix of external and internal curriculum to ensure that we continued to provide our children with the best possible curriculum available. In 23-24, we are implementing Wit & Wisdom in K-8 ELA, Achievement First Math in K-4 Math, Illustrative Mathematics in 5-8 Math, and OpenSciEd in Grades 6-8, all of which have been greenlit by EdReports after a rigorous review.

A note on Greenfield and Classic references: In the past, you have seen references to "Greenfield" or GF schools as compared to "Classic". Greenfield refers to a separately developed curriculum and instructional model, the components of which are organically incorporated as they are proven effective. As of 2023-24, we are no longer designating schools as "Greenfield" or "Classic," so this will be the last report that includes any reference to these different models.

GOAL 1: ENGLISH LANGUAGE ARTS

All students at Achievement First Charter Schools will be proficient readers and writers of the English language.

BACKGROUND

We are deeply rooted in our commitment to ensuring that scholars find true joy in reading and writing, and that they leave our program with a deep appreciation for great books, new information, and diverse perspectives. Reading is both a means to college and career readiness as well as a worthy endeavor. Writing is a means not only to express oneself clearly and concisely, but an opportunity to ignite a passion for self-discovery and creative expression.

The opportunity gap is both fueled and reinforced by a knowledge and vocabulary gap. We believe that building deep knowledge across a range of essential topics will ensure that students are stronger readers and can access complex, content-rich text. Our texts and writing assignments are selected intentionally to reinforce both *world* and *word* knowledge and to align with our history, science, music and art programs when appropriate.

We do not build knowledge for the sake of building knowledge. Our program aims to ensure that all students are curious citizens, intent on expanding their own knowledge of the world through asking questions, reading, writing and discussion. We aim to spark students' inquisitiveness and develop a sense of joy for building their knowledge about the world and their own communities, identities, and history. Students will seek new understandings and question their previous assumptions on a variety of topics, including those central to the human experience and current world landscape.

Our students must be voracious and critical readers of varied, complex literature and information text. All students will closely read rich text from diverse genres and perspectives to develop both their analytical skill and critical thinking. Texts are selected for their complexity and for their worthiness, ensuring students engage with revolutionary ideas, well-crafted arguments, and great literature. Our program is designed to help students make coherent, thoughtful arguments using sound and sufficient evidence, so that all students can speak and write in a manner that is insightful, persuasive, and critical.

ELEMENTARY AND MIDDLE ELA

ELA Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State English language arts examination for grades 3-8.

The tables below summarize the participation information for this year's test administration as well as the performance of all students and students enrolled for at least two years.

ELA Measure 2 - Absolute

Each year, the school's aggregate Performance Index ("PI") on the State English language arts exam will meet that year's state Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

Schools are not required to report attainment of this measure for 2022-23. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information from the NYSED.

ELA Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the school district of comparison.

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.²

ELA Measure 4 - Comparative

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2022-23 analysis is not yet available. This report contains 2021-22 results.³

2021-22 English Language Arts Comparative Performance by Grade Level

| | Percent Grade Economically | | | Students at s 3&4 ⁴ | |
|----------|----------------------------|---------------|--------|-----------------------------------|----------------|
| | Grade | Disadvantaged | Actual | Predicted | Effect Size |
| | 3 | 85.0% | 45.2 | 34.6 | 0.54 |

| Bushwick | 6 | 85.5% | 68.0 | 46.5 | 1.28 |
| | 7 | 86.8% | 76.0 | 37.6 | 2.31 |
| | 8 | 79.5% | 69.4 | 43.0 | 1.40 |
| | All | 84.4% | 62.3 | 36.3 | 1.48 |
| Endeavor | 3 | 73.3% | 57.6 | 39.4 | 0.95 |

³ These data can be found in the school's Accountability Summary provided by the Institute in spring 2023.

⁴ Typically, the Institute uses schools' mean scale scores (when available) to calculate the comparative performance analysis. Due to the late availability of the 2021-22 mean scale scores, the Institute formally reported out the analysis using proficiency rates. The Institute will retroactively send schools the 2021-22 comparative performance analysis using mean scale scores in fall 2023.

ELA Measure 5 - Growth

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.

Given the timing of the state's release of Growth Model data, the 2022-23 analysis is not yet available. As such, schools are not required to report on this measure for 2022-23. The Institute will calculate and report out results to schools pending availability of the data.

ELA INTERNAL EXAM RESULTS

During 2022-23, in addition to the New York State 3rd – 8th grade exams, the school primarily used the following assessment to measure student growth and achievement in ELA: STAR Reading in grades 5-8. The following tables evaluate the median student growth percentile for all students. The STAR Reading Assessment is a comprehensive and nationally administered assessment focused on a variety of literacy skills. It is given three times a year in 5-8th grades to assess growth in reading and help identify students for further interventions and support.

Our target goal of 50 refers to the average student growth percentile. STAR Reading is a nationally administered assessment, giving us comparative data. This comparative data helps us understand how students at AF grew relative to peers across the country, given the same initial data. For the purposes of this goal, we expect the average student growth percentile to be at the 50th percentile comparing beginning of year scores to end of year scores.

In 22-23, there were mixed results among the AF Brooklyn schools at meeting the metric of a median SGP of 50 overall. There is a wide range of schools and individual grades exceeding and not meeting this benchmark. In total, two schools met this metric (Apollo and Linden) while four schools did not (Bushwick, Endeavor, North Brooklyn Prep, and Voyager). All but one school (Bushwick) had at least one grade meeting the 50th student growth percentile goal.

End of Year Growth on 2022-23 STAR Reading Assessment By All Students

SUMMARY OF THE ELA GOAL

AF Brooklyn K-8 schools had mixed results on the applicable measures. 5/6 schools met the comparative measure and 2/6 schools met the growth measure.

| Туре | Measure | Outcome |
|-------------|--|--|
| Absolute | Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State English language arts exam for grades 3-8. | Apollo: Not Met Bushwick: Not Met Endeavor: Not Met Linden: Not Met North Brooklyn: Not Met Voyager: Not Met |
| Absolute | Each year, the school's aggregate PI on the state's English language arts exam will meet that year's state MIP as set forth in the state's ESSA accountability system. | N/A |
| Comparative | Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of students in the same tested grades in the school district of comparison. | Apollo: Met Bushwick: Met Endeavor: Not Met Linden: Met North Brooklyn: Met Voyager: Met |
| Comparative | Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. | Apollo: Met Bushwick: Met Endeavor: Met Linden: Met North Brooklyn: Met Voyager: Met |
| Growth | Each year, under the state's Growth Model the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50. | N/A |
| Growth | Each year, the school's median growth percentile of all 5th through 8th grade students will be greater than 50 on the internally administered Star Reading assessment. Student growth is the difference between the beginning of year score and the end of year score. | Apollo: Met Bushwick: Not Met Endeavor: Not Met Linden: Met North Brooklyn: Not Met Voyager: Not Met |

EVALUATION OF ELA GOAL

AF Brooklyn K-8 schools had mixed results on the applicable measures. 5/6 schools met the comparative measure and 2/6 schools met the growth measure.

Additional Context and Evidence

N/A

ELA ACTION PLAN

While we are glad to see strong growth for students during the year, our ELA program is still not yet ensuring students get where they need to be from an absolute perspective. Reading has been named a network focus area for the 23-24 school year and next several years. Our Senior Director of K-12 Reading will continue to further analyze our reading and ELA programs in partnership with our ELA Directors and determine where we need to make adjustments and are currently working on a robust proposal for this multi-year effort.

This year we have implemented a science of reading aligned curriculum - Wit and Wisdom from Great Minds - across our K-8 classrooms. We will continue to assess 5-8 scholars using the STAR assessment, and in grades K-4, we will be using the mCLASS/Dibels + Cubed reading assessments 3x per year. We have also implemented FUNdations and Heggerty across our K-2 (and in most cases 3rd grade) classrooms and have implemented Geodes, a Great Minds series of decodable texts aligned to both Wit & Wisdom and the FUNdations scope and sequence. We are also investing in sending our network leaders and school teams to science of reading training to help us inform future program decisions, shifts, and direct-to-school training and support.

In all grades, we are training teachers on how to better use the data from mCLASS, CUBED, and STAR as well as internal assessments (daily exit tickets, quizzes, unit exams, and IAs) to more effectively drive instruction and support students who are struggling and challenge students who are meeting the grade-level expectation. We have also bolstered our teacher training, supports and focus on reading intervention and ensuring we have a strong Tier 2 program for students who are reading below grade level. We are providing Tier 1 support via more robust on-the-ground support that involves frequent classroom observation and coaching leaders to support their teachers in executing our curriculum and responding to student data. Finally, we have a more robust professional development strategy, with dean cohort once per month and teacher-facing Friday PD approximately once per month.

GOAL 2: MATHEMATICS

Students will demonstrate competency in the understanding and application of mathematical computation and problem solving.

BACKGROUND

For students to thrive in the world they will face after college, they must be able to make sense of the world through a mathematical lens. Therefore, learning mathematics requires more than learning facts and procedures for solving certain types of problems. A well-prepared student will develop proficiency and expertise in several mathematical practices that have long standing importance in mathematics education.

In the mathematics program at Achievement First, mathematical practices come to life through the shifts (focus, coherence, rigor) called for by the Common Core State Standards. We will continue to refine the components of and resources for the program, on our path to seeing these practices and shifts embodied by our students and driving instruction.

Tenets of Achievement First's Mathematics Program:

1. <u>Conceptual Understanding:</u> comprehension of mathematical concepts, operations, and relations

- While developing conceptual understanding, students make meaning of mathematics and make connections across mathematical ideas which allows for rapid acquisition of new knowledge, greater retention, and ability to apply in novel contexts.
- 2. <u>Procedural Fluency:</u> skill in carrying out procedures flexibly, accurately, efficiently, and appropriately
 - The development of procedural fluency allows students to focus mental energy on flexibly approaching and thinking through problems.
- 3. <u>Strategic Competence & Adaptive Reasoning:</u> ability to formulate, represent, and solve mathematical problems; capacity for logical thought, reflection, explanation, and justification.
 - The development of these habits of mind prepares students to solve mathematical problems that they may encounter throughout the rest of their academic and social lives.
- 4. <u>Productive Disposition:</u> habitual inclination to see mathematics as sensible, useful, and worthwhile, coupled with a belief in diligence and one's own efficacy.
 - Students approach challenging situations as opportunities to learn and mistakes made along the way as times for feedback and reflection, not representations of personal failure. This productive disposition is the hallmark of having a growth mindset as opposed to one that is fixed.
- 5. <u>Problem Solving:</u> the umbrella under which all the opportunities to increase proficiency and expertise with mathematical practices fall.
 - While students engage in problem solving, they are making sense of problems, thinking strategically about concept and skill applications, planning and executing a viable approach, and reflecting on process and solutions.

In the 22-23 school year we continued to invest in strengthening our Cognitively Guided Instruction in grades 3-4, with monthly leader support, aligned to our vision. CGI is a framework that helps teachers to understand how children's mathematical ideas develop, and provides an opportunity to build on the child's own thinking and understanding. This past year, we continued Professional Development on CGI for our School Leaders to support teachers to make the sustained and generative changes in their practice that have been shown to have a positive effect on student outcomes.

In grades 5-8, we implemented the Illustrative Math curriculum in all schools, with aligned summer trainings and ongoing support for teachers and school leaders.

ELEMENTARY AND MIDDLE MATHEMATICS

Math Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State Mathematics examination for grades 3-8.

The tables below summarize the participation information for this year's test administration as well as the performance of all students and students enrolled for at least two years.

Math Measure 2 - Absolute

Each year, the school's aggregate Performance Index ("PI") on the state mathematics exam will meet that year's state Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

Schools are not required to report attainment of this measure for 2022-23. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information from the NYSED.

Math Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the school district of comparison.

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.

Math Measure 4 - Comparative

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York

State. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2022-23 analysis is not yet available. This report contains 2021-22 results.

2021-22 Mathematics Comparative Performance by Grade Level

| | | Percent | | Students at | |
|------------------|-------|---------------|--------|-------------|--------|
| | Grade | Economically | Level | s 3&4 | |
| | | Disadvantaged | Actual | Predicted | Effect |

Math Measure 5 - Growth

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the target of 50.

Given the timing of the state's release of Growth Model data, the 2022-23 analysis is not yet available. As such, schools are not required to report on this measure for 2022-23. The Institute will calculate and report out results to schools pending availability of the data.

MATHEMATICS INTERNAL EXAM RESULTS

During 2022-23, in addition to the New York State $3^{rd} - 8^{th}$ grade exams, the school primarily used the following assessment to measure student growth and achievement in mathematics: internally created Interim Assessments in grades 3-8.

A comparison between the March 2023 (IA3) and June (EOY) 2023 interim assessments provide insight into the progress scholars made.

For both internal cumulative exams, the cut scores were set in a manner similar to those used on the New York State exam. These are shown in the table below.

Percent Proficient for 2022-23 IA Math By All Students

| | Grades | Percent Proficient IA1 | Percent Proficient IA3 | Percentage Point Difference |
|--------|--------|------------------------|------------------------|--------------------------------|
| | 3 | 28% | 50% | 22% |
| | 4 | 22% | 41% | 19% |
| Apollo | 5 | 43% | 29% | -14% |
| Apollo | 6 | 48% | 49% | 1% |

| | | | | |

SUMMARY OF THE MATHEMATICS GOAL

Of the two applicable measures required our charters met 1 of the 2. We also met the additional measure we set based on our internal assessment data.

| Туре | Measure | Outcome |
|----------|--|--|
| Absolute | Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State Mathematics exam for grades 3-8. | Apollo: Not Met Bushwick: Not Met Endeavor: Not Met Linden: Not Met North Brooklyn: Not Met Voyager: Not Met |
| Absolute | Each year, the school's aggregate PI on the state's mathematics exam will meet that year's state MIP as set forth in the state's ESSA accountability system. | N/A |

2022-23 Accountability plan progress report

| Comparative | Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of students in the same tested grades in the school district of comparison. | Apollo: Met Bushwick: Met Endeavor: Met Linden: Met North Brooklyn: Met Voyager: Met |
|-------------|--|--|
| Comparative | Each year, the school will exceed its predicted level of performance on the state mathematics exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. | Apollo: Met Bushwick: Met Endeavor: Met Linden: Not Met North Brooklyn: Met Voyager: Met |
| Growth | Each year, under the state's Growth Model the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the target of 50. | N/A |
| Growth | Between each Interim Assessment cycle there is at least a 10% growth in students who are proficient. | Apollo: Not Met Bushwick: Not Met Endeavor: Not Met Linden: Not Met North Brooklyn: Not Met Voyager: Met |

EVALUATION OF THE MATHEMATICS GOAL

As noted above, the absolute performance of 75% was not met overall. On average, we fell about 20% short of this goal. However, there are some specific school/grade exceptions where the 75% goal was met or exceeded, namely Bushwick (District 32) grade 8, Endeavor (District 13) grade 8, North Brooklyn Prep (District 32) grade 4 and grade 8.

Despite absolute performance falling below goal, all schools met the overall comparative metrics.

One challenge that arose when responding to interim assessments was that the rigor varied from one to the next; for example, the third fifth grade interim assessment (IA3) was more rigorous than the first (IA1), leading to the perception of declining achievement. This perception was counter to the inferences from other sources of data (e.g. unit assessments, classroom observations with detailed study of student work). To remedy this issue, Achievement First has contracted with Achievement Network (ANet) to write interim assessments for the 2023-24 school year that will allow us to more meaningfully gauge progress from one assessment cycle to the next.

MATHEMATICS ACTION PLAN

While we are seeing growth in students during the year and are performing well compared to our comparison districts, absolute performance in Math is not where it needs to be.

In Elementary we are focused on expanding our Cognitively Guided Instruction pilot based on positive feedback and data from schools as well continuing the Context for Learning Mathematics (CFLM) pilot in K-4 that is grounded in a constructivist approach to determine our long term plan for our math program. We have partnered with external experts for both curriculums to continue to build internal expertise around implementation. Additionally, we have a more formalized and improved assessment strategy to better monitor student skill acquisition and growth throughout the year. We are most focused on our CGI

test data and Counting Proficiency Assessment data. We have formalized windows, improved data entry systems, and added completion monitoring for the Counting Proficiency Assessment.

In Middle School we are fully implementing the Illustrative Math curriculum and, within this curriculum, continuing to focus on essential standards as identified by Achieve the Core to allow scholars to deep dive into the most important standards. We have worked hard to train teachers and leaders in this curriculum, and we are monitoring progress toward our implementation goals on a monthly basis. In addition to this monitoring, we are working directly with teachers (once per month) to do ongoing professional development and with leaders to align on the vision for strong instruction and to build skill in helping teachers achieve this vision.

GOAL 3: SCIENCE

Students will demonstrate proficiency in the understanding and application of scientific principles.

BACKGROUND

Our program is designed to ensure that students develop the skills and understandings necessary to be prepared for introductory college level science courses and ultimately the careers of their choice, including (but not limited to) careers in science, engineering, and technology. Our program goes beyond the floor set by current external assessments to ensure that all performance expectations set forth in the Next Generation Science Standards are met. The rigor of content, concepts, and practices gradually increases in complexity from grade band to grade band, to ensure that our scholars have the knowledge and skills to choose careers in STEM.

The tenets of the AF science program are derived from and connected to the conceptual shifts in the Next Generation Science Standards (NGSS), the principles of A Framework for K-12 Science Education (the document from the National Research Council that is the foundation of the NGSS), and our internal core beliefs at Achievement First.

The program is driven by the National Research Council's Framework for K-12 Science Education, which states, "To develop a thorough understanding of scientific explanations of the world, students need sustained opportunities to work with and develop the underlying ideas and to appreciate those ideas' interconnections over a period of years rather than weeks or months." To accomplish this goal, students build background knowledge and an understanding of science by deeply engaging with a focused set of core ideas and practices throughout their educational experience. Through this intensive approach, they will build expertise and use their expertise to make sense of new information or tackle problems.

As a continued testament to how our program goes beyond the floor set by external assessment, during 22-23 we piloted one unit from the OpenSciEd curriculum, which has been designated as High Quality by Achieve and EdReport. We piloted this in the spring at many of our schools in order to learn from, build with, and maintain the integrity of our program. We continue to strive to demand and support a focus on scientific thinking in our schools by supporting the pedagogical development of our teachers and leaders. We are excited about what is to come next.

ELEMENTARY AND MIDDLE SCIENCE

Science Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State science examination.

The school administered the New York State Testing Program science assessment to students in 8th grade in spring 2023. The table below summarizes the performance of students enrolled for at least two years.

Charter School Performance on 2022-23 State Science Exam By Students Enrolled in At Least Their Second Year

| | Grade | Students in At Least Their 2 nd Year | | | | | | |
|----------|-------|---|-------------------|--------------------|--|--|--|--|
| | Grade | Number Tested | Number Proficient | Percent Proficient | | | | |
| | 4 | | | | | | | |
| Apollo | 8 | 76 | 33 | 43.4% | | | | |
| | All | 76 | 33 | 43.4% | | | | |
| | 4 | | | | | | | |
| Bushwick | 8 | 70 | 22 | 31.4% | | | | |
| | All | 70 | 22 | 31.4% | | | | |
| | 4 | | | | | | | |
| Endeavor | 8 | 72 | 30 | 41.7% | | | | |
| | All | 72 | 30 | 41.7% | | | | |
| | 4 | | | | | | | |
| Linden | 8 | 4 | 2 | 50.0% | | | | |
| | All | 4 | 2 | 50.0% | | | | |
| North | 4 | | | | | | | |
| Brooklyn | 8 | 75 | 53 | 70.7% | | | | |
| Prep | All | 75 | 53 | 70.7% | | | | |
| | 4 | | | | | | | |
| Voyager | 8 | 56 | 21 | 37.5% | | | | |
| | All | 56 | 21 | 37.5% | | | | |

Science Measure 2 - Comparative

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the school district of comparison.

The school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year and the results for the respective grades in the school district of comparison.

| 2022-23 State Science Exam | | | | | | | |

SUMMARY OF THE ELEMENTARY/MIDDLE SCIENCE GOAL

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State examination. This outcome was not met by any of the schools included in this report.

| Туре | Measure | Outcome |
|-------------|---|---------------------------------|
| | | Apollo: Not Met |
| Absolute | Each year, 75 percent of all tested students enrolled in | Bushwick: Not Met |
| | at least their second year will perform at proficiency on | Endeavor: Not Met |
| | the New York State examination. | Linden: Not Met |
| | North Brooklyn: Not I | |
| | | Voyager: Not Met |
| | Each year, the percent of all tested students enrolled in | N/A - no data available at time |
| | at least their second year and performing at proficiency | of submission |
| Comparative | on the state exam will be greater than that of all | |
| | students in the same tested grades in the school | |
| | district of comparison. | |

EVALUATION OF THE SCIENCE GOAL

As noted above, the absolute performance of 75% was not met overall or at any individual school. North Brooklyn Prep performed within 5% of the goal. All other schools performed far below the goal (between -43.6% and -25%).

While our science program is aligned to the current New York State P-12 Science Learning Standards which were adopted in 2016, the Grade 8 NY State Science Exam administered in 2023 was still assessing the Learning Standards for Math, Science, and Technology from 1996. The 1996 standards include content that is not part of the 2016 standards and are also much more focused on memorization and recall of science facts. This difference in the standards taught and those assessed on the State exam likely contributed to student performance on this State Science Exam.

In addition, the learning loss from the pandemic is likely continuing to impact student performance. In science, students missed the opportunities to engage fully in the science practices of planning and carrying out investigations as well as in the full scope & sequence during remote and hybrid instruction.

Additional Context and Evidence

A very low number of students took the Grade 8 Science Exam at Linden due to most parents opting students out of the state test.

| | Performance on a Regents Science Exam | | | | | | | | | |
|---|---------------------------------------|---------|------|--------|---------|---------|--|--|--|--|
| Of 8 th Grade All Students by Year | | | | | | | | | | |

| | 8 | 2018-19 | N/A | N/A | N/A | N/A | | | | |
| | 8 | 2021-22 | N/A | N/A | N/A | N/A | | | | |
| | 8 | 2022-23 | N/A | N/A | N/A | N/A | | | | |

ACTION PLAN

Starting in the 23-24 school year, Achievement First is implementing OpenSciEd in Grades 6-8. This change is shifting the science instruction students receive to be more rigorous, and to help our students excel in and outside the classroom to help them prepare to thrive in the world of tomorrow.

OpenSciEd's world-class, Next Generation Science Standards-aligned (NGSS) instructional materials are designed for how students learn science best. Their high-quality, adaptable, full-course curriculum supports equitable science learning through phenomenon-based, three-dimensional units that prioritize student sensemaking and understanding.

OpenSciEd follows strict design specifications to ensure a quality product that engages diverse students, prompts engrossing discourse and supports the teacher in making science come alive. Through student-led discovery, OpenSciEd fosters a classroom culture of equitable participation where students from all backgrounds contribute at high levels and report that others take their ideas seriously.

We are monitoring implementation of OpenSciEd using an Implementation Progression rubric during classroom observations and student learning data from unit assessments and MAP Growth Science (an external, NGSS-aligned assessment). In a series of four improvement cycles across the school year, we are analyzing and responding to the data. Response will include monthly professional learning sessions for both leaders and teachers, as well as targeted support at schools who need additional support.

GOAL 4: ESSA

ESSA Measure 1

Under the state's ESSA accountability system, the school is in good standing: the state has not identified the school for comprehensive or targeted improvement.

Because *all* students are expected to meet the state's performance standards, the federal statute stipulates that various sub-populations and demographic categories of students among all tested students must meet the state standard in and of themselves aside from the overall school results. As New York State, like all states, is required to establish a specific system for making these determinations for its public schools, charter schools do not have latitude in establishing their own performance levels or criteria of success for meeting the ESSA accountability requirements. Each year, the state issues School Report Cards that indicate a school's status under the state accountability system. More information on assigned accountability designations and context can be found <a href="https://example.com/here-categories-of-the-cate

Accountability Status by Year

| | Year | Status | | | | | |
|----------|---------|-------------------------------|--|--|--|--|--|
| | 2020-21 | Good Standing | | | | | |

Independent Auditor's Report

To the Board of Trustees
Achievement First Brooklyn Charter Schools

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Achievement First Brooklyn Charter Schools, which comprise the statement of financial position as of June 30, 2023, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Achievement First Brooklyn Charter Schools as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Achievement First Brooklyn Charter Schools and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Achievement First Brooklyn Charter Schools' ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Achievement First Brooklyn Charter Schools' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Achievement First Brooklyn Charter Schools' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Reported on Summarized Comparative Information

We have previously audited Achievement First Brooklyn Charter Schools' 2022 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 31, 2022. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2022 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the combining schedule of activities by charter and schedules of functional expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards, combining schedule of activities by charter and schedules of functional expenses are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2023, on our consideration of Achievement First Brooklyn Charter Schools' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Achievement First Brooklyn Charter Schools' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Achievement First Brooklyn Charter Schools' internal control over financial reporting and compliance.

Hartford, Connecticut October 31, 2023

Notes to Financial Statements June 30, 2023

Note 1 - Nature of operations

Achievement First Brooklyn Charter Schools (the "School") focus on strengthening the academic and character skills needed for all students to excel in top-tier colleges, to achieve success in a competitive world, and to serve as the next generation of leaders in their communities. The Board of Regents of the State University of New York ("SUNY") originally granted individual charters to the schools (Achievement First Apollo Charter School, Achievement First Aspire Charter School, Achievement First Brownsville Charter School, Achievement First Bushwick Charter School, Achievement First Crown Heights Charter School, Achievement First East New York Charter School and Achievement First Endeavor Charter School). These charters were valid for a term of five years and renewable upon expiration. Additional charters were subsequently granted to Achievement First Linden Charter School, Achievement First North Brooklyn Charter School, Achievement First Voyager Charter School and Achievement First Legacy Charter School. The supplemental schedules to the financial statements provide additional operating activity by charter. The schools operate under one legal entity. The financial statements reflect the activities of the eleven charter schools for the fiscal year ended June 30, 2023.

The School is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code ("IRC") and under the corresponding provisions of the New York State tax laws. The School's primary source of income is government funding. The School has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) of the IRC and qualifies for deductible contributions as provided in Section 170(b)(1)(A)(ii). Today, the School serves students primarily from low-income households in Brooklyn and Queens, New York.

During the year ended June 30, 2023, the School operated classes for students in K-12. Charters that share space with New York City Department of Education ("NYCDOE") schools are not responsible for rent, utilities, custodial services, or maintenance. Charters that share space with other charter schools or do not share space are responsible for operating occupancy costs.

Note 2 - Summary of significant accounting policies

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the School and changes therein are classified and reported as follows:

Net assets without donor restrictions represent available resources other than donor-restricted contributions. Included in net assets without donor restrictions are funds that may be earmarked for specific purposes.

Board-designated net assets represent net assets established by the Board of Trustees, which represents funds without donor restrictions set aside for future needs of the School. Cash basis operating surpluses, if they exist at year-end, may be used to accumulate the board-designated reserve. Utilization of the reserve may be approved by the Board of Trustees and used for emergency funds in case of an unexpected financial crises, start-up costs for growth needs, facility capital requirements, principal-in-residence salaries and one-time projects which have significant future potential. The reserve balance will be generated from the schools' budgeted per-pupil operating revenue, excluding state and federal nonoperating grants.

Notes to Financial Statements June 30, 2023

Net assets with donor restrictions are subject to donor- (or certain grantor-) imposed restrictions which are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Statement of cash flows

For purposes of reporting cash flows, the School considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. There were no cash equivalents at June 30, 2023.

Cash and cash equivalents

The following table provides a reconciliation of cash and restricted cash reported within the statement of financial position that sum to the total of the same such amount shown in the statement of cash flows:

| | 2023 | 2022 |
|-------------------------|-----------------------------|-----------------------------|
| Cash Restricted cash | \$ 46,790,717 350,000 | \$ 38,856,358 350,000 |
| Total | \$ 47,140,717 | \$ 39,206,358 |

Restricted cash

The School has designated \$350,000 to be set aside for contingency purposes as required by the Board of Trustees of the State University of New York.

Grants and other receivables

Grants receivable represent amounts owed to the School for federal or state funding. Grants receivable that are expected to be collected within one year, and recorded at net realizable value, are \$10,443,859 at June 30, 2023. The School has determined that no allowance for uncollectible accounts for receivables is necessary as of June 30, 2023. Such estimate is based on management's assessments of the creditworthiness of its donors, the aging of its receivables as well as current economic conditions and historical information.

Revenue recognition

The School reports unconditional promises to give as revenue when the promise is received. Conditional promises to give are recognized as revenue when the condition is met. Grants and contributions received are recorded as with or without donor restrictions depending on the existence and/or nature of any donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Donor-restricted contributions whose conditions and restrictions are met in the same reporting period have been reported as support increasing net assets without donor restrictions in the statement of activities.

Revenue from state and local governments resulting from the School's charter status is based on the number of students enrolled and is recorded when services are performed in accordance with the charter agreement. The School receives a substantial portion of its support and revenue from the NYCDOE. If the charter school laws were modified, reducing or eliminating these revenues, the School's finances could be materially adversely affected.

Notes to Financial Statements June 30, 2023

Donated goods and services

The School occasionally receives contributed goods and services. Such goods and services are only recorded as in-kind contributions at their fair value, provided they meet the criteria for recognition. Such criteria includes contributions of services that (i) create or enhance nonfinancial assets or those that require specialized skills, (ii) are provided by individuals possessing those skills, and (iii) would typically need to be purchased, if not provided by donation, and are recorded at their fair value in the period received.

Contributed services received from Board Members and volunteers are not recorded in the financial statements since these services do not meet the criteria for recognition as contributed services.

The School does not record any in-kind contributions and related costs with respect to dedicated and shared space provided to it by the NYCDOE as the premises are temporary in nature, is excess shared space whereby a fair value cannot be determined and is industry practice.

Property and equipment

Property and equipment are stated at cost. The School has established a threshold for review of expenditures equal to or greater than \$3,000 for potential capitalization as a fixed asset. Property and equipment acquired with certain government contract funds is recorded as an expense pursuant to the terms of the contract in which the government funding source retains ownership of the property. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized.

Depreciation and amortization are provided on a straight-line basis over the estimated useful lives or lease terms as follows:

| Asset | Estimated lives |
|------------------------|-----------------|
| Leasehold improvements | 5 - 20 years |
| Furniture and fixtures | 5 - 8 years |
| Computers and hardware | 3 - 7 years |
| Equipment | 3 - 7 years |

Long-lived assets

The School recognizes an impairment loss when the carrying amount of a long-lived asset exceeds its fair value. In the event that facts and circumstance indicate that the carrying amounts of long-lived assets may be impaired, an evaluation of recoverability would be performed. The evaluation process consists of comparing the estimated future undiscounted cash flows associated with the asset to the asset's carrying amount to determine if a write down is required. If the review indicates that the asset will not be recoverable, the carrying value of the asset would be reduced to its estimated realizable value. There was no impairment loss recognized for the year ended June 30, 2023.

Functional allocation of expenses

The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on management's assessment. Health and retirement benefits and payroll taxes are allocated to programs and supporting services based on the percentage of salary expense of the program to total salary expense.

Notes to Financial Statements June 30, 2023

Tax-exempt status

The School is exempt under Section 501(c)(3) of the Internal Revenue Code ("IRC") and is exempt from private foundation status under IRC Section 509(a)(3) and as such is not subject to federal or state income taxes.

Management has analyzed the tax positions taken by the School and has concluded that, as of June 30, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The School's federal information returns prior to fiscal year 2020 are closed and management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

If the School has unrelated business income taxes, it will recognize interest and penalties associated with any tax matters as part of the income tax provision and include accrued interest and penalties with the related tax liability in the statements of financial position.

Prior year summarized information

The financial statements include certain prior year summarized comparative information in total, but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the financial statements of Achievement First Brooklyn Charter Schools for the year ended June 30, 2022, from which the summarized information was derived.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Concentrations of credit risk

The School maintains cash and cash equivalent balances in various financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation. From time to time, the School's balances may exceed these limits. As of June 30, 2023, the School had uninsured bank balances of \$45,359,125. The School limits its credit risk by selecting financial institutions considered to be highly creditworthy.

Subsequent events

Management has reviewed subsequent events through October 31, 2023, which is the date the financial statements were approved and available for issuance.

Note 3 - New accounting pronouncement

The School adopted Accounting Standards Update 2016-02 (as amended), *Leases* ("Topic 842") on July 1, 2022 ("Adoption Date"). Topic 842 requires lessees to recognize a right-of-use asset and a corresponding lease liability for most leases. The School elected and applied the following practical expedients on the Adoption Date:

 The package of practical expedients permitting the School to not reassess (i) the lease classification of existing leases; (ii) whether existing and expired contracts are or contain leases; and (iii) initial direct costs for existing leases.

Notes to Financial Statements June 30, 2023

The School recognized the following as of the Adoption Date in connection with transitioning to Topic 842:

| | As o | As of July 1, 2022 | | |
|-------------------------------------|------|--------------------|--|--|
| Operating lease right-of-use assets | \$ | 8,001,712 | | |
| Operating lease liabilities | | 8,725,746 | | |

The adoption of Topic 842 did not have a material impact on the School's change in net assets for the year ended June 30, 2023.

The School presents its right-of-use assets and lease liabilities for operating leases separately on its statement of financial position. See Note 14 regarding the School's right-of-use assets for operating leases and lease liabilities.

Note 4 - Liquidity

The School regularly monitors liquidity required to meet its annual operating needs and other contractual commitments. As of June 30, 2023, the School has financial assets available to meet annual operating needs for the 2024 fiscal year as follows:

| Cash Grants and other receivables | \$ 46,790,717 10,443,859 |
|---|--------------------------------|
| Receivable from related party - revolving lines of credit Due from other school | 7,142,270 6,039 |
| Total financial assets | 64,382,885 |
| Less Receivable from related party - revolving lines of credit Board-designated reserve | (7,142,270) (7,000,000) |
| Financial assets available to meet cash needs for general expenditures within one year | \$ 50,240,615 |

These financial assets are not subject to any grantor or contractual restrictions. The School supports its general operations primarily with Federal and State grants, which are recognized as purpose restrictions are met. The balances due to the NYC Department of Education and NYS Education Department represent advances received that are due back to the State based on the fiscal year reconciliation and do not represent operating expenses.

Note 5 - Receivable from related party - unsecured revolving line of credit

The School has entered into unsecured revolving lines of credit established with entities that are wholly owned by Achievement First, Inc. ("AF"). See Note 9 for the relationship between the School and AF. AF lines bear interest at a fixed rate of 2.6%. Funds are available upon written request. The School may demand repayment of principal and/or accrued interest in part or in full at any time and

Notes to Financial Statements June 30, 2023

such repayments shall be due 45 business days thereafter. Balances on the lines are as follows as of June 30, 2023:

| | Credit limit | | | nount drawn |
|---|--------------|-------------------------------------|----|-------------------------------------|
| AF Brooklyn HS4, LLC AF Queens ES1, LLC AF Glenmore Avenue, LLC | \$ | 5,000,000 4,000,000 4,000,000 | \$ | 3,549,327 1,605,693 1,987,250 |
| | \$ | 13,000,000 | \$ | 7,142,270 |

Note 6 - Concentrations

The School received approximately 83% of its operating revenue, which is subject to specific requirements, from per pupil funding from the NYCDOE during the year ended June 30, 2023.

The School's grants and other receivables consist of 97% from the State of New York as of June 30, 2023.

Note 7 - Property and equipment

The following is a summary of property and equipment at June 30, 2023:

| Leasehold improvements Furniture and fixtures | \$ | 16,195,658 313,475 |
|---|----------|-----------------------|
| Computers and other hardware | | 48,554 |
| Equipment | | 1,556,755 |
| | | 10.11.110 |
| | | 18,114,442 |
| Less accumulated depreciation | | (11,977,565) |
| | Φ | 6 426 077 |
| | <u> </u> | 6,136,877 |

Depreciation expense was \$1,885,485 for the year ended June 30, 2023.

Note 8 - Lease acquisition costs

The NYCDOE, through the New York State Construction Authority ("NYSCA"), agreed to help finance the development and construction of 510 Waverly Avenue, Brooklyn, New York provided that Civic Builders (the "construction manager") and Achievement First Endeavor Charter School collectively contributed 20% of the costs of the construction.

In December 2012, NYSCA, the landlord, entered into an agreement to lease the building to Civic Builders for a 30-year term. Civic Builders entered into an agreement to sublease the building to AF Waverly LLC. AF is the sole member, which in turn leases the building to the School under the same terms at an annual lease of \$1 plus operating costs. The lease acquisition costs of \$6,792,379 include the costs incurred by Achievement First Endeavor Charter School in meeting their obligation to NYCDOE to fund 20% of the costs of construction; these costs are amortized over the 30-year lease term. Amortization expense for the year ended June 30, 2023 was \$226,412 and accumulated amortization at June 30, 2023 was \$2,926,692. Amortization expense for each of the next five years is \$226,412.

Notes to Financial Statements June 30, 2023

Note 9 - Related party transactions

The School entered into an Academic and Business Services Agreement (the "Agreement") with AF, a not-for-profit organization dedicated to helping start and run charter schools. This Agreement provides management and other administrative support services to the School.

Pursuant to the terms of the Agreement, the School pays a service fee equivalent to 10% of public revenues received by the School during or for that school year. Public revenues include all sources of revenue from a public source, but specifically exclude in-kind contributions such as student transportation, start-up funding, funding for student meals, and funding from competitive public grants. The Agreement automatically renews to coincide with the charter renewals for each school. The Agreement covers services including bookkeeping, facilities acquisition and management, special education delivery support, data analysis management support, and tutoring program support. The School is to pay AF an ancillary services fee that is mutually negotiated by the School and AF. For the year ended June 30, 2023, the School incurred management and ancillary services fees of \$19,289,138, which are included in the accompanying statement of functional expenses. AF is also the recipient of grant funds that are passed through AF to the School. The amount due to AF at June 30, 2023 was \$931,604.

The School received \$348,221 of contributions from AF for the year ended June 30, 2023. See Note 14 for related party leases.

Note 10 - Due from/to other schools

The following amounts were due from/to related schools and consist of the following at June 30, 2023:

| Achievement First Providence Charter School | \$ 5,159 |
|---|-------------|
| Achievement First Bridgeport Academy | (560) |
| Achievement First Elm City Charter School | 880 |
| | |
| | \$ 5,479 |

Note 11 - Loans payable

Loans payable to Charter School Growth Fund bear interest at 1% and 3%. The 1% loans are start-up loans and no payments of principal or interest are required until maturity. The 3% loans are improvement loans and require annual payments of principal and interest. Loans mature through June 30, 2023. This loan balance was repaid in full as of June 30, 2023. Interest expense of \$4,672 is included in interest expense on the statement of functional expenses.

The loan payable to Peak Demand Energy is a noninterest-bearing loan. The loan was established to pay for lighting costs related to school renovations. The loan is paid through monthly payments equal to the cost savings, quantified by the reduction in energy usage each month, which is approximately \$2,000 per month. The loan was paid off during fiscal year 2023.

Note 12 - Due to NYC Department of Education and the New York State Education Department

The NYCDOE paid the School per pupil grant funds in six installments, based on estimates from the School. At the end of each year, the NYCDOE reconciles the total amount paid against the full-time-equivalent enrollment for the year and determines if an overpayment or underpayment has been made. As of June 30, 2023, an overpayment totaling \$83,561 had been made; an adjustment for

Notes to Financial Statements June 30, 2023

this amount will be reflected in the third payment from NYCDOE in FY 2024. Additionally, the New York State Education Department informed the School during the year ended June 30, 2018, that an error had been made in the allocation of Title II funds available to districts throughout the State. As a result, \$788,840 was received by the School in excess of the State's recalculated grant allocation. During the year ended June 30, 2023, the final installment of \$157,768 was repaid.

The School discontinued their involvement in the National School Lunch Program as of June 30, 2023. As a result, the School owes the New York State Education Department \$457,456 for unexpended funds. As of June 30, 2023, the School also owes the New York State Education Department \$6,577 for an overpayment of Title I funding.

Note 13 - Contributed nonfinancial assets

For the year ended June 30, 2023, contributed nonfinancial assets recognized within the statement of activities included:

| | | | | 2023 | |
|------------------|--|---------|------------------------------------|--------------------|---------------------------------|
| | Revenue Utilization in recognized programs/activitie | | Utilization in programs/activities | Donor restrictions | Valuation techniques and inputs |
| Digital learning | \$ | 268,144 | Regular education | None | Donor's purchase cost |
| Textbooks | | 173,894 | Regular education | None | Donor's purchase cost |
| Library books | | 55,592 | Regular education | None | Donor's purchase cost |

Note 14 - Leases

The School leases buildings and office equipment. All contracts that implicitly or explicitly involve property, plant and equipment are evaluated to determine whether they are or contain a lease.

At lease commencement, the School recognizes a lease liability, which is measured at the present value of future lease payments, and a corresponding right-of-use asset equal to the lease liability, adjusted for prepaid lease costs, initial direct costs and lease incentives. The School has elected and applies the practical expedient available to lessees to combine non-lease components with their related lease components and account for them as a single combined lease component for all its leases. The School remeasures lease liabilities and related right-of-use assets whenever there is a change to the lease term and/or there is a change in the amount of future lease payments, but only when such modification does not qualify to be accounted for as a separate contract.

The School determines an appropriate discount rate to apply when determining the present value of the remaining lease payments for purposes of measuring or remeasuring lease liabilities. As the rate implicit in the lease is generally not readily determinable, the School estimates the risk-free rate as the discount rate. The School's risk-free rate, which is determined at either lease commencement or when a lease liability is remeasured, is the rate on the U.S. government securities over a period commensurate with the lease term.

For accounting purposes, the School's leases commence on the earlier of (i) the date upon which the School obtains control of the underlying asset and (ii) the contractual effective date of a lease. Lease commencement for most of the School's building leases coincides with the contractual effective date. The commencement date for most of the school's office equipment leases coincides with when the School obtains control of the underlying assets. The School's leases generally have minimum base terms with renewal options or fixed terms with early termination options. Such

Notes to Financial Statements June 30, 2023

renewal and early termination options are exercisable at the option of the School and, when exercised, usually provide for rental payments during the extension period at then current market rates or at pre-determined rental amounts. Unless the School determines that it is reasonably certain that the term of a lease will be extended, such as through the exercise of a renewal option or non-exercise of an early termination option, the term of a lease begins at lease commencement and spans for the duration of the minimum non-cancellable contractual term. When the exercise of a renewal option or non-exercise of an early termination option is reasonably certain, the lease term is measured as ending at the end of the renewal period or on the date an early termination may be exercised.

The School includes variable rental payments based on a rate or an index such as the Consumer Price index (CPI) in its measurement of lease payments based on the rate or index in effect at lease commencement. Other types of variable lease payments are expensed as incurred.

Leases involving real estate

Leases of facilities have three-year terms, which terms have been incorporated into our measurement of the related right-of-use assets and lease liabilities. Although most of the real estate leases include one or more options to renew that can extend the contractual terms from one to three years, those renewal options are exercisable solely at the School's discretion and have been excluded from lease term measurements. The real estate leases generally require reimbursement of real estate taxes, common area maintenance, and insurance. The School leases these facilities from two limited liability companies wholly owned by AF. Such leases provide for below market rentals, are cancellable at any time, and do not provide purchase options.

Rental payments on these leases typically provide for fixed minimum payments that increase over the lease term at predetermined amounts.

The School entered into a facility lease with Glenmore Avenue, LLC, a limited liability company wholly owned by AF, which will commence upon substantial completion of the school. Upon commencement, monthly rent payments are \$214,208 and are subject to a 2.6% increase each year. The agreement with Glenmore Avenue, LLC has a term of 30 years and allows the lease to be extended for an additional 19 years if the overlease is extended and requires the School to achieve certain financial covenants upon occupancy of the premises.

Leases involving equipment

Office equipment leases have lease terms that generally range from less than one year to five years and generally do not have renewal options. Rental payments on these leases have fixed payments.

Notes to Financial Statements June 30, 2023

Financial information

The following contains information about the School's right-of-use assets and lease liabilities for its operating leases as of June 30, 2023:

| | Statement of Financial Position Classification | June 30, 2023 | | |
|--------------------------------------|--|---------------|-----------|--|
| Right-of-use assets Operating leases | Noncurrent assets | \$ | 5,955,315 | |
| Lease liabilities Current | | | | |
| Operating leases Noncurrent | Current liabilities | \$ | 4,466,041 | |
| Operating leases | Noncurrent liabilities | | 2,304,911 | |
| Total lease liabilities | | \$ | 6,770,952 | |

The components of the School's lease cost for the year ended June 30, 2023 are as follows:

| | Statement of Functional Expense Classification | Jui | ne 30, 2023 |
|---------------------------|--|-----|-------------|
| Operating lease cost, net | B | | |
| | Repairs and maintenance, | _ | |
| Rent expense | Office expense | \$ | 3,803,525 |
| Short-term lease expense | Office expense | \$ | 141,822 |

The School had elected to apply the short-term practical expedient to its leases. The rental costs of short-term leases are included in office expenses in the statement of activities.

Supplemental cash flow information related to the School's leases for the year ended June 30, 2023 is as follows:

| Year ended June 30, 2023 | Ope | Operating leases | | | |
|--|-----|------------------|--|--|--|
| Cash paid for amounts included in the measurement of lease liabilities | | | | | |
| Operating | \$ | 3,711,926 | | | |
| Right-of-use assets obtained in exchange | | | | | |
| for lease liabilities | | | | | |
| Operating | \$ | 9,527,943 | | | |

Notes to Financial Statements June 30, 2023

The weighted average remaining term and weighted average discount rate for the School's leases are as follows as of June 30, 2023:

Weighted average remaining term (in years) 2.21
Weighted average discount rate 3.01%

(1) The Organization has elected to use a risk-free rate as the discount rate for its leases. The Organization uses rates on U.S. government securities for periods comparable with lease terms as risk-free rates.

The annual maturity analysis of the School's lease liabilities as of June 30, 2023 is as follows:

| Calendar year | Оре | erating leases |
|--|-----|----------------|
| | | |
| 2024 | \$ | 4,599,601 |
| 2025 | | 1,032,315 |
| 2026 | | 718,093 |
| 2027 | | 544,270 |
| 2028 | | 110,026 |
| | | |
| Total lease payments | | 7,004,305 |
| Less: Interest | | 233,353 |
| | | |
| Present value of lease liability | | 6,770,952 |
| Less: current portion of lease liabilities | | 4,466,041 |
| Noncurrent portion of lease liabilities | \$ | 2,304,911 |

Note 15 - Agreement for School facilities

The School has entered into verbal agreements with the NYCDOE for dedicated and shared space at a cost of \$1 per year or less. In accordance with industry standards, the fair value of the rent has not been recorded. The School will be responsible for any overtime-related cost for services provided beyond the regular opening hours. For the year ended June 30, 2023, the School incurred no overtime and incurred no permit fees. The School also entered into an Administrative Cost Management Agreement that requires the School to pay Uncommon Crown Heights, LLC for its share of the building costs for the facilities located at 1485 Pacific Street, Brooklyn, New York. The fair value of the rent has not been included in the accompanying financial statements as the agreement is nonbinding, the premises are temporary in nature, is excess shared space whereby a fair value cannot be determined and is industry practice.

Note 16 - Pension plan

Effective September 1, 2006, the School adopted a 403(b) profit sharing plan (the "Plan") which covers most of the employees. The Plan is a defined contribution plan. Employees are eligible to enroll in the Plan upon employment. Those employees who have completed at least one full year of service are also eligible for employer contributions. The Plan provides for the School to contribute up to 4% of an employee's salary, up to a maximum match of \$2,500 per year, per employee. The School contribution is not vested until the employee's third year, when he or she becomes fully

Notes to Financial Statements June 30, 2023

vested. For the year ended June 30, 2023, pension expense for the School was approximately \$1,200,000, which is included in retirement in the accompanying statement of functional expenses.

Note 17 - Risk management

The School is exposed to various risks of loss related to torts; thefts of, damage to and destruction of assets; actions by employees and parents; and natural disasters. The School maintains commercial insurance to protect itself from these risks.

The School entered into contractual relationships with certain governmental funding sources. The governmental agencies may request return of funds as a result of noncompliance by the School, as well as additional funds for the use of facilities. The accompanying financial statements make no provision for the possible disallowance or refund because management does not believe that there are any liabilities to be recorded.

Note 18 - Conditional contribution

AF received a conditional grant commencing April 2020 for expansion and minor repairs, of which they have allocated \$4,629,142 to the School. This grant is expected to cover periods through March 2025. Donor conditions specify that amounts must be spent on expenditures relevant to approved grant purpose. Since this grant represents a conditional promise to give, amounts will not be recognized as contribution revenue until donor conditions are met. For the year ended June 30, 2023, \$109,826 was recorded as revenue related to this grant. The remaining conditional promise to give at June 30, 2023 was \$3,500,607.

During the year ended June 30, 2021, the School received conditional ESSER grants of \$46,311,444. These grants are expected to cover periods through September 2023. Donor conditions specify that amounts must be spent on expenditures relevant to the approved grant purpose. Since these grants represent a conditional promise to give, amounts will not be recognized as contribution revenue until donor conditions are met. Prior to 2023, \$10,093,571 of the conditions were met. During 2023, contribution revenue of \$8,702,195 and \$43 of contributions expired were recorded related to this grant. The remaining conditional promise to give at June 30, 2023 was approximately \$27,500,000.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees
Achievement First Brooklyn Charter Schools

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Achievement First Brooklyn Charter Schools, which comprise the statement of financial position as of June 30, 2023, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated October 31, 2023.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Achievement First Brooklyn Charter Schools' internal control over financial reporting ("internal control") as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Achievement First Brooklyn Charter Schools' internal control. Accordingly, we do not express an opinion on the effectiveness of Achievement First Brooklyn Charter Schools' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2023-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Achievement First Brooklyn Charter Schools' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as item 2023-001.

Achievement First Brooklyn Charter Schools' Response to Findings

Achievement First Brooklyn Charter Schools' response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Achievement First Brooklyn Charter Schools' response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance Required by the Uniform Guidance

To the Board of Trustees
Achievement First Brooklyn Charter Schools

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Achievement First Brooklyn Charter Schools' compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Achievement First Brooklyn Charter Schools' major federal programs for the year ended June 30, 2023. Achievement First Brooklyn Charter Schools' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Achievement First Brooklyn Charter Schools complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States ("Government Auditing Standards"); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Achievement First Brooklyn Charter Schools and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Achievement First Brooklyn Charter Schools' compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Achievement First Brooklyn Charter Schools' federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Achievement First Brooklyn Charter Schools' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Achievement First Brooklyn Charter Schools' compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with *GAAS*, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Achievement First Brooklyn Charter Schools' compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Achievement First Brooklyn Charter Schools' internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Achievement First Brooklyn Charter Schools' internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2023-002. Our opinion on each major federal program is not modified with respect to this matter. *Government Auditing Standards* requires the auditor to perform limited procedures on Achievement First Brooklyn Charter Schools' response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. Achievement First Brooklyn Charter Schools' response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant

deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be a significant deficiency.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2023-002, to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed. *Government Auditing Standards* requires the auditor to perform limited procedures on Achievement First Brooklyn Charter Schools' response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. Achievement First Brooklyn Charter Schools' response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards June 30, 2023

Note 1 - Basis of presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Achievement First Brooklyn Charter Schools (the "School") under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of the School, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the School.

Note 2 - Summary of significant accounting policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass through identifying numbers are provided when available.

Note 3 - Indirect cost rate

The School has not elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

Schedule of Findings and Questioned Costs Year Ended June 30, 2023

II. Findings - Financial Statement Audit

Finding No. 2023-001

Criteria

According to the Audit Guide for State University of New York ("SUNY") Authorized Charter Schools, the School is required to perform a criminal history records search which includes the fingerprinting and background checking of all prospective employees. Test results must be obtained to ensure clearance for employment.

Condition

The School did not have records of performing fingerprint and criminal history record checks for all employees hired during the year ended June 30, 2023.

Context

A sample of 40 new hires was selected from a population of 304. We identified exceptions in 5 out of the 40 new hires tested. The sample was not statistically valid.

Cause

The School did not have a clear process for following up on new hire background check clearances.

Effect

The School is not in compliance with the hiring procedures required under the laws, regulations, contracts and grant agreements requirements of the Audit Guide for SUNY Authorized Charter Schools.

Identification as a Repeat Finding

This is not a repeat finding.

Recommendation

The School should review its procedures and internal controls over its performance of fingerprint and criminal history record checks for new hires to ensure compliance with SUNY Charter School requirements. The internal controls should include assuring 100% testing and retaining documentation to support the performance of these checks.

Reporting Views of Responsible Officials

The School will review the procedures and internal controls to SUNY Charter School Requirements to ensure 100% compliance.

Schedule of Findings and Questioned Costs Year Ended June 30, 2023

III. Findings and Questioned Costs - Major Federal Award Programs Audit

Finding No. 2023-002 - COVID-19 Education Stabilization Fund - Elementary and Secondary School Emergency Relief Fund - Assistance Listing Number #84.425D

Criteria

According to 2CFR Part 200.405 of the Office of Management and Budget's Uniform Guidance, a cost is allowable to a particular Federal award or to the cost objective if the goods or services involved are chargeable or assignable to that Federal award or cost objective in accordance with the relative benefits received.

Condition

The School provided a completed claim report for reimbursement of expenses that was finalized internally but not yet submitted to the grantor. The report was not properly reviewed resulting in an overstatement of expenses incurred in the report.

Questioned Costs

The claim report was modified prior to submission to the grantor, therefore there were no questioned costs.

Context

The School submits quarterly claim reports. The final report was not properly reviewed nor prepared.

Cause

Certain costs were double counted within the claims report due to the report not being properly reviewed.

Effect

Lack of a proper review may result in an incorrect claim filing and receipt of funds in excess of allowable costs incurred.

Identification as a Repeat Finding

This is not a repeat finding.

Schedule of Findings and Questioned Costs Year Ended June 30, 2023

Recommendation

Claim reports and supporting schedules should be reviewed prior to finalization by the supervisor of the preparer of the report.

Reporting Views of Responsible Officials

We agree with the finding and will develop procedures to address the finding.
