Entry 9 Enrollment & Retention

Completed - Aug 1 2022

[Instructions for submitting Enrollment and Retention Efforts](#)

Required of ALL Charter Schools

Describe the good faith efforts the charter school has made in 2021-2022 toward meeting targets to attract and retain the enrollment of Students with Disabilities (SWDs), English Language Learners (ELLs), and students who are economically disadvantaged. In addition, describe the school’s plans for meeting or making progress toward meeting its enrollment and retention targets in 2022-2023.

Recruitment/Attraction Efforts Toward Meeting Targets

	Describe Recruitment Efforts in 2021-2022	Describe Recruitment Plans in 2022-2023
	The schools partner with the Achievement First (AF) recruitment team to carry out a comprehensive recruitment strategy consisting of direct outreach, Refer A Friend campaigns, information sessions,	

Economically Disadvantaged	<p>school-based open houses, presentations at local education agencies and community based organizations, neighborhood canvassing at nearby high density housing and building locations, participating in the NYC Charter Center application, geo targeted mailings, and both online and outdoor advertising. These techniques have been successful in generating applications and in sharing the opportunity to apply with low-income families. In 2009, all AF schools implemented an at-risk preference for low-income families, and as a result the vast majority of all entering families have qualified for free or reduced price lunch. As a result of extensive presentations to community organizations that serve low-income families, including Head Start and NYCHA daycare centers, the applicant pool of free and reduced price applicants has been large, and the preference has been effective at substantially matching the district percentages of low-income students for the incoming classes.</p>	We plan to use the the same 2021-2022 plans in the 2022-2023 school year.
	<p>The AF student recruitment team is bilingual and has made extensive efforts to reach out to families who speak languages other than English. All outdoor signs are in both English and Spanish, as are all brochures and other marketing materials, including the AF website page for student enrollment. In 2021-22,</p>	

English Language Learners

for instance, direct, bilingual recruiting materials reached more than 30,000 families throughout Brooklyn. Additionally, Spanish speaking members of the recruitment team have presented in Spanish at Head Start daycares and community organizations (e.g., The Coalition for Hispanic Family Services and Bushwick United), and multiple members of the “street teams” that recruited directly in the community were Spanish speakers. While these techniques may change year to year, these are representative of recent recruitment methods. The lottery also uses a weighted preference for English Language Learners (ELLs), which the schools doubled for the 2016-17 school year in an effort to both admit and enroll more ELLs.

The last two recruitment seasons included community outreach, canvassing, and event tabling to engage with potential families as well as a wide variety of tactics including, but not limited to: Distributed thousands of brochures and other materials in bilingual format (English/Spanish).

Attended the Include NYC fair on January 29, 2022 which had hundreds of families, including families of ELLs and other at-risk students, in attendance. As with other events, a bilingual community outreach associate was present.

Over the course of a given lottery

cycle, AF drops off and mails Spanish applications to numerous local daycare centers (e.g., approximately 400 community organizations/daycare centers across many sections of Brooklyn). In February and March 2022, AF hosted several Spanish-language information sessions where the majority of families in attendance primarily spoke languages other than English. AF provides translators at orientation and community engagement events at AF schools.

For our non-fluent Spanish speaking recruitment team members, we also utilized Google Translate when we encountered Spanish-only speaking families. Non-Spanish speaking staff members are also paired with a colleague fluent in Spanish that they can call on to support communication with prospective families.

The refer-a-friend program is shared with families in English and Spanish in the hope of generating word of mouth interest.

Schools hang recruitment banners outside their facilities in English and Spanish.

For families that were never selected off of waitlists in previous years and had indicated they were not English speaking families, AF reaches out in subsequent years with native language speakers (i.e., Spanish-speaking) in order to inform the families about the ability to re-

	apply to AF schools.	
Students with Disabilities	<p>Efforts to recruit students with disabilities have focused primarily on making clear in promotional materials and presentations that AF is highly effective for students with disabilities, and that we offer services in accordance with Individualized Education Programs (IEPs). In addition, the recruitment team reaches out annually to day care centers that are identified by the NYC Department of Education as serving students with disabilities and participates in an Include NYC fair that focuses on providing resources to families with students with disabilities. The AF student recruitment team has partnered with the network special services team to ensure that marketing materials capture the range of services available. AF has reached out specifically to community members who previously agreed to partner with the community outreach team to conduct a family focus group on how AF schools could best meet their needs. During this focus group, the mother of a student with a disability said that her greatest struggle was finding a public school option that held the highest academic standards for her child despite his disability. The school is just such an option, committed to getting every scholar who walks through our doors to and through college. We believe that sending this message to families with</p>	<p>We plan to use the the same 2021-2022 plans in the 2022-2023 school year.</p>

Retention Efforts Toward Meeting Targets

	Describe Retention Efforts in 2021-2022	Describe Retention Plans in 2022-2023
	<p>Retention of students at AF schools is a network-wide priority and one of the key performance indicators identified for schools as part of the network's strategic imperatives. As a network, AF has set an accountability measure of 5%. In addition, each individual school has set an improvement goal for attrition set at no less than 0.5% improvement year over year. While reliable mobility statistics for New York City are difficult to ascertain, we believe that a mobility rate of 5% is significantly below the average annual turnover of urban students. We believe that retention of students within at-risk populations depends primarily on the academic progress these students are making. As such, the most important retention efforts for at-risk populations will be great instruction, and regular review of data that ensures that students in these populations are receiving the supports and</p>

Data—including academic performance, attendance, and behavior data—are disaggregated and shared with the school leadership team, so that early warning signs can be identified and appropriate interventions identified. AF school leaders and regional superintendents regularly share student retention strategies.</p> <p>An example of a best practice that AF schools utilize is early identification and intervention with families considering leaving. This approach uses historical data on attrition to identify risk factors that predict future attrition. AF schools use this information to develop specific family engagement and support strategies for scholars who are at risk of leaving. Experience across the network has shown that strong relationships and thoughtful discussions with families are often what make the difference when having a difficult discussion with family members. AF regional superintendents specifically coach principals on how to have effective conversations with families regarding topics such as retention in grade. Tailored family specific strategies will be developed to ensure that we do everything possible to keep these students with us.</p>	We plan to use the the same 2021-2022 plans in the 2022-2023 school year.

conversations about academic performance can be more difficult. The English as a Second Language (ESL) teacher or intervention coordinator (depending on the number of ELL students enrolled) will be primarily responsible for proactively developing relationships and trust with families of ELLs as soon as the student is identified as limited English proficient, regardless of academic performance. We believe that these proactive relationship building practices will establish the trust necessary to identify families early who are at risk for leaving, and to intervene effectively to persuade them to stay with us. AF also translates and uses translators as necessary for school policies, student-specific information, and communications with families.

We believe that strong Tier 2 and Tier 3 interventions, complemented by strong family relationships, are the most effective approaches to prevent the attrition of students with disabilities. In addition to the attrition risk factors described above, we believe there are at least two additional factors for families of students with disabilities. First, families of students with disabilities are more likely to leave if they believe that we hold lower expectations for their children than for their regular education peers. Second, these families are at risk for leaving if they do not understand the services being provided for their children, or if

they perceive that more extensive services might be available at another school. As described above, our communication with families about the high expectations we hold for every child, and the differentiated supports we provide to make sure each child meets these expectations, will begin with our student recruitment process. These messages will be reinforced in family chats (which are requested of all incoming families), family conferences, and all other communication with families of students with disabilities. Additionally, the network support data team and regional director of special services will provide disaggregated academic and behavioral data for students with disabilities directly to the principals on a monthly basis, to flag any student for whom additional support is needed. Our experience has been that when students with disabilities make strong academic progress, their families' bond with the school strengthens and they are more likely to stay with us.

Entry 10 - Teacher and Administrator Attrition

Completed - Aug 1 2022

Form for "Entry 10 - Teacher and Administrator Attrition" Revised to Employee Fingerprint Requirements Attestation

A. TEACH System - Employee Clearance

Charter schools must ensure that all prospective employees^[1] receive clearance through [the NYSED Office of School Personnel Review and Accountability](#) (OSPRA) prior to employment. **This includes paraprofessionals and other school personnel who are provided or assigned by the district of location, or related/contracted service providers.** After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is not employed by the school.

^[1] Employees who must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. **This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers.** See NYSED memorandum dated October 1, 2019 at <http://www.nysed.gov/common/nysed/files/programs/charter-schools/employee-fingerprint-oct19.pdf> or visit the NYSED website at: <http://www.highered.nysed.gov/tsei/ospa/fingerprintingcharts.html> for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.

B. Emergency Conditional Clearances

Emergency Conditional Clearances

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates automatically once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at [NYSED CSO Employee Clearance and Fingerprint Memo 10-2019](#).

Attestation

Responses Selected:

I hereby attest that the school has reviewed, understands, and will comply with these requirements.

Entry 13 School Calendar

Completed - Aug 1 2022

[Instructions for submitting School Calendar](#)

Required of ALL Charter Schools

If the charter school has a tentative calendar based on available information and guidance at the time, please submit with the August 1, 2022 submission. Charter schools must upload a final school calendar into the portal and may do so at any time but no later than **September 15, 2022**.

School calendars must meet the [minimum instructional requirements](#) as required of other public schools *"... unless the school's charter requires more instructional time than is required under the regulations."*

Board of Regents-authorized charter schools also are required to submit school calendars that clearly indicate the start and end date of the instructional year AND the number of instructional hours and/or instructional days for each month. See an example of a calendar showing the requested information. Schools are encouraged to use a calendar template and ensure there is a monthly tally of instructional days.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes

only.
